Heaven, help me.Von G.CI wrote this review when I just finished reading A.L.S and let's just get one important thing out: Julie Lessman has got incomparable, amazing talent. Hallelujah. Amen. And Praise the Lord.I am

SO glad she took on this writing journey and so not exaggerating when I say that I'm lost for words right now. WOW! People, if y'all haven't any one of her books, what are you waiting for? They're more than just mere works, in my opinion. They truly have deeply blessed me. Each one of them. I laughed. I wiped away tears upon tears of mine (I'm afraid PLENTY of tissues will be needed for this one which - in my opinion, is not only the best in the series but also one of the best in 2012!) The drama got me gasping and all and oh how my heart melted. The beloved, sweet O'Connors.... *snif!* How I love thee! I just can't wait to see what God has in store for Julie! All the glory be unto God for this author. She's got so much talent that I can even hear that NYT best-selling list calling her name. Write on, Ms Lessman... write on! *Satisfied Sigh* This is my honest review. So many thanks to the author and the publisher for a copy of the book. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Rachel Von Rachel I just finished reading this book and I was so sad because I finished it. Steven and Annie's story is another phenomenon and will make you feel so warm and fuzzy because its so wonderful! Julie made all the O'Connors a respectable family and I hate to tell them goodbye, but I don't have to yet because I'm rereading everyone over...so I have a while to say good bye!
