Von K.L. Grayson, BT Urruela : A Lover's Lament (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Lover's Lament (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. 3,5 stars, not sure about this bookVon Carolin JacheA Lovers Lament is the story of childhoodfriends turned lovers Devin and Katie. Fast forward 10 years, in which they havnt had any contact and they meet again under the worst of circumstances. Soon, both are sure that their love never died and they want another shot at their happy ending. If only

there weren't those thousands of miles separating them and the threat of war lingering in Devin's neck. So, I finished this book almost 24 hours ago and still don't know how to rate it. There were parts that I loved and I felt deeply for. Then there were parts of the story that had me skipping the pages for the most part. I've read my fair share of military-themed books and from what I can tell, *A Lovers Lament* is quite authentic and good written. Further, I was seriously in awe of the fact that Devin's part has been written by a man, a veteran no less. It was so heartfelt and so full of emotions. And that's the strange thing about this book: I felt it! I even cried a few times. It left me reeling and turning pages faster to see how all turned out in the end. But then there were parts, that were too detailed on everything going on around them, given the fact they have spent the majority of the book on different continents, and I started skipping. And the ending. Whereas some things were too detailed, the ending felt simply rushed. With everything that went down so late in the story, it was too short of an ending to leave me satisfied. But I guess that's just my personal opinion. The writing was like before mentioned pretty good, on both parts. The characters were nice, the sex-scenes hot and the banter between the MCs had me laughing quite a few times. Overall I liked the book. But I felt something was missing. No idea what, it's just a feeling. All in all, I rate *A Lovers Lament* with 3,5 stars and can recommend it to fans of Military-Romance and books with a lot of deep plot and that are different. *** This Review is also posted on CollectorOfBookboyfriends.com *** 0 von 0 Kunden fanden die folgende Rezension hilfreich. Breathtaking! Von Sabine S.-K. I've been absolutely thrilled by this book, in the most positive way. Thanks to the great writing skills of both authors, K.L. Grayson and B.T. Urruela, Katie and Devin had entered a place in my heart. Knowing that B.T. had himself horrible experiences in war, and suffered in several ways of its consequences, makes the story authentic how it could ever be. Imagining, that the events and the dialogues between the soldiers could have been happened just like that, transported me directly in this dusty desert, and let me shiver for the soldiers. But the main part, the love and the regrowing relation between Katie and Devin, naturally impressed me the most. In some way, we all never forget our first love, and when it's so special and deep like between the two main characters, it's easy to imagine, that they directly fell again for each other. Of course I liked the erotic scenes, too, and it was heartbreaking how they missed each other even more after their steamy days. At the end, Katie had to show, how strong she really is, and that maybe all had meant to be.... Rsum: A definitely advisable story about fate, love and second chances, that leaves you speechless and emotionally touched. Hope my words made a bit sense, because I have to confess that this is the first book-comment I've ever written in the English language, because I'm from Germany -from the "georgeous" city of Frankfurt, by the way, how it's described in the book- and my days of school had been passed many years ago. I've found this book per coincidence via B.T.'s FB-page. I'm myself an addicted booklover, and happy, that I've found this special piece. I'm looking forward to read more of B.T., as well as from K.L. Grayson, of course. 0 von 0 Kunden fanden die folgende Rezension hilfreich. WOW Von susana78 All i say! Its amazing. I loved it so much. This is my first Book from K.L Grayson and BT. Uruella. And finally i hope to read more from this fantastic writers.

Kurzbeschreibung In a matter of seconds my entire world changed, and it was in that moment that I stopped living and simply began to exist. In my grief, I sent a letter to the first boy I ever loved. I hoped in writing it I'd find some peace from the nightmare I was living, some solace in my anger. I didn't expect him to write back. I wasn't prepared for his words, and I certainly wasn't ready for the impact this soldier would have on my life. A deep-rooted hate transformed into friendship, and then molded into a love like I'd never known before. Sergeant Devin Ulysses Clay did what I couldn't: he put the shattered pieces of my heart back together, restoring my faith in humanity and teaching me how to live again. But now that I'm whole, I have a decision to make. Do I return to my life as I knew it and the fianc I left behind, or do I walk away from it all for the only man to ever break my heart? *** I've been living in hell, but you won't hear me complain. These men depend on me, as I do them, and this brotherhood is the only family I've ever known. The Army saved me from a callous mother and a life on the wrong side of the tracks that was quickly spiraling out of control. So unlike most of the men in my platoon, going home wasn't something I longed for. I was content overseas, spending my days defending this country that gave me my life back. Fighting became my new normal until her. A letter from Katie Devora a letter that I almost didn't open. Her words put a fire back inside of me that I didn't know I'd lost. She gave me hope during a time when I was fighting every day just to stay alive, and now it's time I fight for her.

ber den Autor und weitere Mitwirkende KL Grayson is a USA Today bestselling author. She is entertained daily by her extraordinary husband, who will forever inspire every good quality she writes in a man. Her entire life rests in the palms of six dirty little hands, and when the day is over and those pint-sized cherubs have been washed and tucked into bed, you can find her typing away furiously on her computer. She has a love for alpha-males, brownies, reading, tattoos, sunglasses, and happy endings...and not particularly in that order.
