Von Terry Callister : A Lucky Break (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Lucky Break (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A time travel escapeVon mountainmamaWhen James Campbell is mugged on his way to a job interview, he loses his wallet, but gains the ability to time travel. He quickly learns to use this talent to get rich, but soon realizes unlimited riches are not enough to satisfy ones pursuit of self-worth, and sets off to right a few wrongs.Tongue-in-cheek and pure escapism, Mr. Callister has penned a very imaginative tale which will keep you turning pages. The story was great, but

could have used a good editor to catch some typos and add commas to improve readability. Good entertainment.

Kurzbeschreibung On his way to a job interview James Campbell is mugged, not a good start to his day but it leads to a fortuitous discovery, he can travel through time. James quickly realises that he can use this breakthrough to amass a small fortune. It rapidly changes his life and then quite accidentally he travels back to 1647 the time of Oliver Cromwell and the delectable Esmeralda. Follow him as romance blossoms but not without one or two unexpected problems along the way.
