WolvesDestination:Book 44, Stand Alone, 83 PagesAuthor: Merryn DexterReviewer: Ingrid Stephanie JordanGenre: #PRN #WolfShiftersMy Score: Book 10 Stars "*****" Series 100 Stars "*****"I really love to read Black Hills Wolves this is 44 in this series. Each book was written by a different Author of course you know there's a lot of authors writing several stories for this series, that's just what makes it a fantastic series. And #44 is no exception, Ms. Dexter write such a phenomenal story that I felt the Sadness, Anger, Humiliation, Fear then Happiness of Pack, Family and Love.Ven Thorne is a wolf shifter, that likes to patrol in the northern section of Los Lobos.He had no clue how long he was in his wolf form but it's been a long time, he didn't want to be around other wolf shifters, they didn't want to be around him, he was so crabby, angry all the time. But then you couldn't blame him he was abused, his parents left him stranded took off without him, he had nowhere to go nothing to eat so is Uncle took him in treating him like dirt. And of course there always someone in a small town to remind him he was not worth anything for anyone, a no good loser. Caitlyn Burrows who is a twin is a shy, red headed, omega She Wolf Shifter who is scared of her own shadow. Her and her family came back to town 6 months ago, they had left a decade ago because of Drew's father, Magnum Tao, who had run into Caitlyn in the woods, raped her and did terrible things, she still has nightmares and scared to go anywhere even though Alpha Drew told her she's safe. I was gifted this ARC for an honest and truthful review.

KurzbeschreibungVen Thorne is a lone wolf with a bad attitude caused by his difficult childhood. Forced to return to pack life, he is tasked with rebuilding the gas station on the outskirts of Los Lobos. Ven works for Ryker, the pack enforcer, and will act as sentinel and lookout when the station reopens. Caitlyn Burrows has recently returned to Los Lobos with her family. A victim of Magnum Tao, the packs evil ex-Alpha, she is terrified of men and her natural omega nature is making it hard for her to make friends. Her family is determined to see Caitlyn happy.A chance encounter between Ven and Caitlyn reveals they are mates, something that neither of them is happy about! Hes mean and angry; shes timid and shy. Can two such opposites find common ground?Caitlyn decides it is past time to take control of her life and is determined to prove to Ven that she is the mate that he needs. Can she make him see that the Fates are right and that their only chance of happiness is together or will the ghosts from the past keep them apart forever?KurzbeschreibungVen Thorne is a lone wolf with a bad attitude caused by his difficult childhood.
