Von Jeffrey Archer : A Matter of Honour (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Matter of Honour (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the GreatestVon Craig DanielsI have read extensively out of Jeffrey Archers repetoire and have found all of the books not only palatiable, but also intriguing reads.I read this book 5 years ago, and make it a point to read it at least once a year if not more. This book was one of the best fiction books ever written as far as I am concerned.It is so easy for the

fiction author to fall into a trap and write the same old news, sometimes in a tired, but different way. These books are not interesting. Any author who can offer a breath of fresh air to the genre receives my hats off, and this is due to Jeffrey Archer. This book isn't typical at all, the plot twists are entirely tough to predict, and even though the ending should have been a forgone conclusion (the hero winning) it was done in such a way that I was still very much interested. The basis of the story is a guy named Adam who is led through many adventures because of an archaic note he got from his father's will. This letter to his father was written in German, and in trying to get it translated the adventure begins. His journey and escapes follow across most of Europe, and the action never stops. Somewhat like a James Bond flick, but 100 times better, and in book form is what I would compare this exciting read to. Read this book, and when you are done, read all the rest of Archer's books, you will enjoy each and every one of them. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A can't stop page turner with mounting suspense Von William E Hiller This is the first Jeffrey Archer book that I have read. I can assure you that it won't be the last. I thoroughly enjoyed this adventure-suspense novel. From the time that Adam Scott opens a letter which was given to him as part of a bequest from his deceased father's will, he is placed on a perilous path between life and death with many unpredictable twists and turns along the way. His search for the Russian icon of St. George and the Dragon coincides with similar searches by the Russian KGB and the Americans. How he manages to locate the icon and to eventually outwit his adversaries makes for an exciting story. I found this book hard to put down once I started it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A good read Von Jeremy Fidelis I am not really a fan of books but when I started reading this book (my first Archer book), I could not put it down. The action is relentless, plot deep and more importantly, the writing is brilliant. Adam Scott is a character that is a hero by chance and you will find yourself rooting for him even when he finds himself in a spot. All in all, a great book. I hope a movie is in the works.

Kurzbeschreibung The opening of a letter leads to a desperate chase across Europe in *A Matter of Honour* by Jeffrey Archer, one of the world's bestselling novelists. Adam Scott listens to the reading of his father's will, aware that the contents can only be meagre. The Colonel, after all, had nothing to leave - except a letter he had never opened himself, a letter that can only bring further disgrace to the family name. Against his mother's advice, Adam opens the letter, and immediately realizes his life can never be the same again. The contents leave him with no choice but to follow a course his father would have described as a matter of honour. 'The man's a genius' *Evening Standard* 'A storyteller in the class of Alexandre Dumas' *Washington Post* From *Library Journal* In 1966, Adam Scott, an unemployed British ex-army officer with an uncertain future, attends the reading of his disgraced father's will. Part of his inheritance is a letter detailing the events of Hermann Goering's suicide and two unopened letters from the Nazi general giving him access to a Swiss bank vault and the valuable Russian icon it contains. However, a veritable state secret is concealed in the painting and the KGB and the CIA both want it before the expiry of a crucial deadline. Scott's perilous journey across Europe to the questionable safety of England is by plane, car, foot, bus, ambulance, van, and ferry as he stays one step ahead of death with the assistance of farmers, salesmen, racing cyclists, hoodlums, and an entire orchestra. An epic chase thriller tidily concluded with a series of neat twists. Highly recommended. *Literary Guild* main selection. John North, L.R.C., Ryerson Polytechnical Inst., Toronto Copyright 1986 Reed Business Information, Inc. **Pressestimmen** Sizzles along at a pace that would peel the paint off a spaceship. *The New York Times Book* Jeffrey Archer has written the equivalent of an Alfred Hitchcock movie. *Baltimore Sun* A wild, no-hold-barred slam-bang, pell-mell international thriller. *Buffalo News*
