Von James Cox : A Need for Heroes (The Triple Towers Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Need for Heroes (The Triple Towers Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. What a blast!!Von Anne B.With the beginning of A Need For Heroes we jump directly into the story where the second book ended. Lorn, now president of the Tripple Towers, tries to Change the laws and government for the better. His politics of "People help People" no matter if wastrel or Tower citizen are not welcome by everyone. But Kallen, the sexy love

of his life, is never leaving his side and is always there to have his back...or gets him the much needed distraction. And when something unforeseen Comes up and hope seems to fade, will they find a way to fight it? Will Lorn and Kallen be heroes once more?To see Lorn and Kallen again made me very happy. These two are so damn sexy and hot, you just can't get enough of them. But will they finally get their happy ending they really have deserved by now? See yourself!A Need For Heroes is an amazing conclusion for the Tripple Tower series and I am really sad that it ended here. But I will reread it sooner or later, believe, it's that good. And if you get to know the big Boy Lorn and his sexy blond wastrel Kallen, you'll understand!Thank you, James, for These two gorgeous hunks and another awesome series!

KurzbeschreibungWelcome to the new world...Lorn Brusk is now president of the Triple Towers. With the help of his lover, Kallen, they discover a traitor and survive exile in the wastrel camps. Now comes the biggest challenge of their lives. There are dark forces trying to tear the two men apart. Together they must thwart assassination attempts and kidnappings while finding time to bond sexually in a variety of new positions and places. However, secrets threaten not only the safety of the triple towers but the lives of the two soul mates.
