Von John O'Brien : A New World: Dissension (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A New World: Dissension (English Edition):

Kurzbeschreibung
Fire Rains From Above
A Fracture Forms
Jack Walker and the other survivors continue their search for others. Unbeknownst to them, the night runners have initiated their own gathering and, with Michaels leadership, they are adapting. The survivors learn about some of these adaptations and strive to stay one step ahead. Their very existence depends on it. Factors enter the picture which could fracture both groups. Jack fights for the survival of humankind while Michael must do the same for the night runners. Heading off to search for other remnants of humanity, Jack is unaware of the danger that lurks in the heart of the sanctuary - an act of kindness, seemingly so small, that could bring about the destruction of all he holds dear. While both sides fight for their very existence, an infatuation arises that could destroy the both of them. The smallest of tremors can start an avalanche.

ber den Autor und weitere Mitwirkende
John O'Brien is a former Air Force fighter instructor pilot who transitioned to Special Operations for the latter part of his career gathering his campaign ribbon for Desert Storm. Immediately following his military service, John became a firefighter/EMT with a local department. Along with becoming a firefighter, he fell into the Information Technology industry starting two large casinos in Washington as the Information Technology Manager and becoming the Network Manager for the Washington State Legislature, the Northwest Information Technology Manager for the Federal Aviation Administration, and the Network Systems Manager for Hollywood Video. Currently, John is self employed with his own Information Technology consulting company consulting and managing various businesses with their information technology needs. He also volunteers for a local youth center managing their computer lab. As a former marathon runner, John lives in the beautiful Pacific Northwest and can now be found kayaking out in the waters of Puget Sound, mountain biking in the Capital Forest, hiking in the Olympic Peninsula, or pedaling his road bike along the many scenic roads.
