Von Jeff Joseph : A Novel Obsession (The Novel Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Novel Obsession (The Novel Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A thriller/suspense novel as it is a story of romanceVon HeikeA huge thank you to Jeff Joseph for advancing me a free copy of his novel in exchange for my honest review.A thriller/suspense novel as it is a story of romance. Very well-written and never dull or boring. Most definitely keeps your attention until the very last page. This was my first Jeff

Joseph book, but not my last.

Kurzbeschreibung What could be more peaceful than a small town nestled in the lush and picturesque Appalachian foothills along the Ohio River? Seemingly nothing unless you actually live in such a place and experience the incestuous nature of the meddling, gossip, and desire that can fester there. Abby Lane has cornered the market on virtue in her small town, yet there are forces that want to take that innocence away from her. Unfortunately, the depths of deception, often undetected by the pure of heart can be harmful to the unsuspecting soul. As an English teacher, dreamer and hopeless idealist Abby immerses herself in romantic fiction to fill the void in her reality. There is one author in particular who speaks directly to her heart and she foolishly makes him the model lover by whom all suitors are to be judged. When others try to bridge that gap, idyllic small town America becomes a mysterious place to be.

den Autor und weitere Mitwirkende In spite of being a husband and father, I have always been a daydreamer. I was that guy in high school algebra with the far away expression on his face, and no I wasn't thinking about how to apply mathematics to save the world. I was thinking about the girl of my dreams and how I would make her mine. True love and the inherent difficulty in finding it are what I daydream about the most, and to me writing a book is merely daydreaming and capturing your thoughts in print. It makes them more real and provides the opportunity for others to share in them as well. And so I hope you will.
