Von Jaime Rush : A Perfect Darkness (The Offspring) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Perfect Darkness (The Offspring):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. First in the Offspring seriesVon Helen HancoxThis is the debut book in a series by Jaime Rush about a group of young adults who have psychic powers and are being hunted by a group. The focus of this story is on Amy Shane, a young woman who lives a relatively quiet life until a man breaks into her house and tells her she is a specially gifted person, then gets shot and dragged away. That man, Lucas Vanderwyck, has been in Amy's dreams for months, and her curiosity means that she begins to investigate some of his wild claims. This starts in motion a new life for her, that of running from the CIA and being unable to trust anyone. She makes a reluctant alliance with two other Offspring but feels a link with Lucas and wants to rescue him. But Lucas is being held prisoner and being used for his psychic powers, plus he

doesn't want them to rescue him - what can Amy do? Although aspects of this book were enjoyable, overall I found it a little slow. The central love story between Lucas and Amy was awkward as it was almost entirely carried out in dreams. It was difficult to fully believe that Amy loved Lucas so much when she'd only met him once for two minutes or so. The complex characters of Petra and Eric were interesting but I found some of their rescue attempts a bit unlikely. There were some disjointed parts of the story, such as Amy's wish to rescue her parrot (which didn't take place in this story) which made it feel rather unfinished. In fact the story was unfinished; it's clearly the first of a series but this reader felt that not enough was completed in this instalment to make it feel satisfying. Parts of the plotting and underlying situation were well written and enjoyable but there were too many loose ends and too little going on in the middle to make this a really good read. The quote from Janet Evanovich on the cover seemed to be rather overstating the merit of this book, unfortunately; it was 'paranormal' but I didn't feel it was 'exciting' or 'sexy', and it hasn't 'hooked' me. Darkness series, book one Von Detra Fitch Since a young age Amy Shane has been able to see colors around people and eventually figured out what each color and glow means. At the age of five, she lost her last parent to suicide. It is no wonder that Amy grew up a loner. Now around the age of twenty, Amy still tends to avoid people, except for "Uncle" Cyrus Diamond. Amy works freelance, retrieving data from computers and software. (With a great ninety-five percent success rate!) But even talking to clients on the phone is becoming a problem because the colors and glows are actually starting to come through the phone lines lately. Then a stranger breaks into her bedroom late one night. With only a few sentences he changes her life forever. Amy hardly has time to be afraid before more men break in, claiming to be FBI, and drag the first away. Since Cyrus worked for the government, Amy turns to him. Cyrus confirms the man was a serial killer and she is lucky the FBI reached her in time. Yet for the first time in Amy's life, she does not believe Cyrus is telling the truth. Amy soon learns that the stranger's name is Lucas Vanderwyck and that he has been the man entering her dreams and keeping to the shadows. Amy and Lucas share some sort of psychic connection. As Amy digs deeper, Cyrus becomes worried. At this rate, Amy would quickly learn the truth about who and what she is. Should that happen, Cyrus will no longer be able to protect her. ***** This is the first in an outstanding new paranormal romance series. This is not a new author with little or no experience. (Jaime Rush is the more widely known as Tina Wainwright.) With this new name, Jaime gives readers more of the suspense they crave. From the very beginning my attention was caught and I will not even pretend that I wanted to get free. I read the entire story in one afternoon, rarely coming up for air. The more I read, the deeper the conspiracy went. Paranormal Romance gets no better than this and I cannot recommend this title highly enough. ***** Reviewed by Detra Fitch of Huntress Reviews. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Spannend und dunkel Von Cornelia Wollersheim A Perfect Darkness ist der Anfang der Offspring-Reihe. Es ist die Geschichte von Lucas und Amy, die sich am Anfang nur durch Träume kennen. Es kommt zur "Explosion" der Geschichte, als Lucas in realer Gestalt bei Amy einbricht und dadurch in höchste Lebensgefahr gerät genau so wie alle anderen Offsprings auch. Die Figuren des Romans haben außergewöhnliche, paranormale Fähigkeiten. Die Gegner der Offsprings sind wahnsinnige CIA-Leute, die für ihre angeblich edlen Ziele buchstäblich über Leichen gehen.

Kurzbeschreibung They live ordinary lives, but they are extraordinary. They are the Offspring, children of a mysterious experiment gone awry and they are in terrible danger. A sexy stranger awakens Amy Shane in the dead of night. Lucas Vanderwyck barely has time to whisper a few words before three men burst into her bedroom and drag him away. But what Lucas reveals shatters Amy's safe little world forever. Lucas and Amy share a psychic gift that could put them in mortal danger. And as they share night after night of savage passion, as a shadowy government conspiracy tracks their every move, they will fight to save each other. But only with their powers of second sight can they escape the terror of a perfect darkness. Kurzbeschreibung They live ordinary lives, but they are extraordinary. She knew she would be published, marry a fabulous guy, and win a Toyota Supra. Missing the romance, relationship drama, and action of her favorite television shows X-Files, Roswell, and Highlanders she created her own mix in the Offspring series.
