fantastic Von Fan I was young and even more romantic. I was given the opportunity to see the movie many years ago and really loved it now I have decided to purchase the book. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A story of two people, whom fall in love against all odds. Von Ein Kunde It is an easy read, I read this within a night, but couldn't put it down once I started. It is an innocuous love at first, and it takes you through the sides of torn and what is right and moral. By the end I felt the rollercoaster ride of emotions and wished there was more... It would make a great movie. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Perfect Stranger Von Antoinette This is the greatest book I ever read. I believe that this is the best book that Danille Steel has ever wrote. I couldn't put the book down. I got like 5 infractons for not putting it down. When my friends called me I wasn't even listening to them. Once I got done I read it about 5 more times. The movie they made for this book wasn't even as good as the book.

Kurzbeschreibung After the collapse of his first marriage, Alex Hale fears he will never find happiness again. Young, rich and desperately lonely, Raphaella is sentenced to an empty life in her mansion, bound by a sense of honour and duty to her elderly husband. Alex and Raphaella are worlds apart when life conspires to bring them together. But theirs is a love affair of stolen moments and the promise of tomorrow. Is it possible to find happiness with a perfect stranger? .de Raphaella de Mornay-Malle grew up in the sheltered world of the Mediterranean aristocracy under the careful tutelage of her stern father and her dutiful duennas. Married at age 18 to a much older American, John Henry Phillips, Raphaella fills her life with his wishes and desires. But when John is incapacitated by a series of strokes, she finds her world shrinking to the size of a sickbed. Though Raphaella has an uncommonly strong sense of her duty in marriage, she can not ignore her attraction for Alexander Hale, a handsome acquaintance. As John's condition worsens and Alex grows insistent that she acknowledge what lies between them, Raphaella faces a classic duty-versus-love dilemma. Though readers may see the plot twist coming a mile away, Danielle Steel's got her grasp on the pulse of romance fiction, and she's not going to let go without a fight. Groan and giggle, ignore the laundry and make excuses, but make no mistake--you'll enjoy getting swept away by this one.--Nancy R.E.
