**Kurzbeschreibung**After almost a half a century of scrupulous devotion to his art, Jorge Luis Borges personally compiled this anthology of his workshort stories, essays, poems, and brief mordant sketches, which, in Borgess hands, take on the dimensions of a genre unique in modern letters.In this anthology, the author has put together those pieces on which he would like his reputation to rest; they are not arranged chronologically, but with an eye to their sympathies and differences. A Personal Anthology, therefore, is not merely a collection, but a new composition.
