Great romanceVon Ein Kunde"Once a connoisseur of beautiful debutantes, Lord Bryce Keene now has more practical concerns as guardian to his headstrong niece. The girl needs the influence of a true and gentle lady...and so Bryce selects Cassandra Hampsted, known as an expert on the rules of polite society, to offer his hand in marriage. But Bryce is about to discover that not all is as it appears.Since penning an etiquette book for young ladies, Cassandra has learned that happy endings are not guaranteed -- even for those who follow society's rules to perfection. Lord Bryce's offer is enticing indeed, but Cassandra will not risk her heart without concocting fifty-six provisions for marital harmony that Bryce will wish he had read in full! As this strong-willed couple barter and negotiate their way to true happiness, they uncover a blissful union that is far too passionate to be called proper."This is a delicious romance about two people who have made contrary experiences. Cassandra has followed the rules which has made her totally unhappy whereas Bryce has defied them, only to be utterly unhappy as well. After they have married for convenience, both find out that there is a middle way! What I especially liked about the book was that it was not all about sex. They truly developed a relationship outside the marriage bed. Besides both were the most credible heroes in a romance novel I have met so far. It's so realistic when Bryce after a passionate night with Cassandra can't be the sultry lover the next morning because of his really bad quarrel with his niece. In another romance novel he would have cast all that aside to make wild love to Cassie.And I also loved the way each chapter starts with a rule of Lady Cassandra's etiquette book which will be thoroughly broken in this chapter. Really recommendable!
