Von Charles Lamb : ALICE (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised ALICE (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Naja ...Von -KundeDie Geschichte und Ausgangsbasis ist sicherlich nicht unoriginell. Die erzhlweise empfinde ich aber eher als drftig. Der Held rumt zu problemlos alles aus dem Wege. Die Frauengeschichte ... naja. Zudem erscheint mir vieles arg unlogisch und sehr konstruiert.0 von 0 Kunden fanden die folgende Rezension hilfreich. nice start but latter

going down Von KlopBook has nice start but latter part going slowly down. Problem is relationships of main hero with his concubines and somehow unstable story - all is based on computer ability to make psychological profile of trustable person and in same time when necessary author ignore this rule

0 von 1 Kunden fanden die folgende Rezension hilfreich. Selten so oft und langen gelacht ! Weiter so ! Von Obiwan Kenobiwan REin tolles E-Book welches nach vielen vielen Nachfolgern schreit. Ein unverbrauchtes Setting garniert mit einem derben Humor und einer Prise Ironie lsst erkennen das hier ein wahrer Meister der Erzhlkunst am Werke ist. Charakter und Story sind frisch und unverbraucht und trotz des SciFi Ansatzes sehr aktuell und werden auf eine sehr kluge Weise langsam and den Leser herangebracht. Kaufempfehlung !!

Returning to the Marine Corps after a failed attempt at reconciliation with his estranged wife, Jake volunteers for a DARPA experiment that catapults him into a future where humanity has been stripped of 200 years of technological advancements and more than half its population. With the help of a faceless benefactor named Alice, he escapes the confines of an abandoned lab facility and starts a journey to put earth back on a path to recovery. Jake's path begins in the rich farmlands of central California and eventually places him in orbit and face to face with the very evil that started it all.
