meets The Fifth Element, with a little Star Trek and Tolkien thrown in. Fairly silly set-up, but fun to read. Nothing Earth shattering, just light, entertaining space opera. 3 von 3 Kunden fanden die folgende Rezension hilfreich. Marvellous Entertainment! Von starbooks IHS. Simply great entertainment. I loved this one. Meet the motley crew named The Alien Hunters. You have : a knight - yes, shining armour is included -, a female gladiator with an electric whip, a guitar player turned starship captain, an android in a kimono, two engineers who could not be more different and a ever hungry demon to boot. After discovering that their old spaceship surprisingly indeed can fly, off they go to save a mysterious damsel in disress who is a teleporter and can wield chi in incredible ways and is hunted by a very cruel and evil alien race. Yes, one or two ridiculus stuff is included, but does it harm the Entertainment? Of course, it doesn't. This story is meant to be fun. And, believe me, the showdown is to die for. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Sehr unterhaltsam. Von Kinesias "Alien Hunters" ist eine gelungene Mischung aus Space Opera, Road Movie und David gegen Goliath. Die Charaktere sind sympathisch und einprägsam. Die Story kommt etwas zäh in die Gänge, dann wird sie zunehmend besser und fesselnder. Ich mag den meist zündenden Humor. Die zu meisterten Herausforderungen sind ungewöhnlich bis unglaublich. Neuland in der SF wird hier nicht besprochen, dafür ist das Buch sehr unterhaltsam. Mir hat es immerhin so gut gefallen, dass ich die zwei folgenden Bücher gekauft und mit viel Spaß gelesen habe. Daher 5 von 5 Sternen.

Kurzbeschreibung The skelkrins. Predators from deep space. Creatures of claws, fangs, and unending malice. They swarm across the galaxy, slaying all in their path. Planets burn in their wake. And now they're heading to Earth. Raphael "Riff" Starfire commands the Alien Hunters, a group of scruffy mercenaries. Galactic pest controllers, they mostly handle small critters--aliens that clog up your engine pipes, gnaw on your hull, or burrow through your silos. Riff and his crew have never faced anything like the skelkrins before. As these cosmic killers invade our solar system, will Riff be the one hunting aliens . . . or will aliens hunt him? ALIEN HUNTERS -- a free space opera adventure for fans of Star Wars, Firefly, and Guardians of the Galaxy. **Kurzbeschreibung** The skelkrins. Predators from deep space.
