Von Vi Voxley : Alien Warrior's Wife (Brion Brides Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Alien Warrior's Wife (Brion Brides Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Love Strikes TwiceVon RobynLosing your Fated Mate you really never knew; but just for a brief few hours. This is the

story of Urenya and the internal battle she has within her head. As a Brion she should not be having this dilemma. Brions are a strong stoic race of aliens. Emotions are not suited; they are not ignored but the militaristic way runs this race of people. As a teen she was confused and really did not know how to handle this loss. Her dear friend Diego and Narath were always there. Eventually they all went to their career paths; Urenya became a Healer. After many years and now a mature woman she is assigned to a battleship with her dear friend Diego, now a Commander and Narath a strong and very large warrior. Narath knows immediately that she is his Gesha. How can this be? Is it possible for love again to strike twice for Urenya? I like the story-line. It is at time a bit of a slow read and some melancholy. Overall it is a well thought out story.

Kurzbeschreibung Nothing quite like taste of death to make the heart grow fonder... This book, a Sci-fi Alien Military Romance novella, is a prequel to Alien General's Bride but it is not necessary to read this book before jumping into the novel! Urenya has been conditioned to be the best version of herself. As a healer, she is held in high regard. As the closest friend of one of the most fearsome generals in the Brion armies, she has a delicate role to play. Not only must she be wise and with hands that can heal any harm, but she must also act as a moral compass when the bloodlust of great men around her drive them wild. But where does that leave her desires? And what if she needs her own damn warrior to fight and bleed for her, instead of standing up for herself on her own all the time? Narath knows one thing - any problem can be solved with a spear. And not just a spear, but a spear in his very capable hands. Battle has always been in his blood and he could have never imagined that it would not be enough... Until laying his eyes on the sexy, curvy healer of the Triumphant. After that, he wants nothing more to use a very different spear, but with the same intent - to solve a problem. Will Narath and Urenya realize what fate has in store for them at the right time, or will war tear them apart before they can ever really taste happiness? Alien Warrior's Wife is a standalone novella with a happy ever after ending and no cliffhanger. There's plenty of steam in this book and unless you love mindblowingly hot sex, you might want to keep away... Or at least brace yourself for a hell of a ride!
