**Von Erica Spindler : All Fall Down** before purchasing it in order to gage whether or not it would be worth my time, and all praised All Fall Down:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Fantastic EndingVon paula\_k\_98I was skeptical of this book when I started reading it. It seemed like the author was giving away too much of the plot at during the first half and letting you know the ending. Wrong! Erica Spindler does a knockout job in this suspense novel. I thought I had it all figure out and was I ever wrong. I won't go into the plot since everyone else has done that. Just take it from me, nothing is what it seems. If you are looking for a good read, this is the book for you.0 von 0 Kunden fanden die folgende Rezension hilfreich. This author has cross-genre appealVon Ein KundeThe murder of socialite Joli Anderson shakes up Charlotte, as the victim is the daughter of one of the most prominent businessmen in the area. However, the impact is felt even stronger in the suburb of Whistlestop where the

corpse was found. The Charlotte Police Department takes charge of the case with the FBI providing assistance. The small Whistlestop Police Department is relegated to a clerical support role that galls Officer Melanie May, but there is nothing she can do about her assignment on the Anderson case. FBI profiler Connor Parks is removed from the case and placed on leave because his obsession interferes with his official work. Connor feels extreme guilt caused by his ignoring his sister's cry of wolf once too many times. Unfortunately, his ignoring her cry for help leads to her death. However, Connor's profile of the killer begins to remind Melanie of an individual she knows. As she struggles with her "hunch," Melanie must deal with her influential ex-husband who has filed for custody of their four-year old son, and her growing attraction to the enigmatic Connor. ALL FALL DOWN is a powerful romantic police procedural that will provide immense pleasure to fans of both genres. The exciting story line focuses on the interrelationships of law enforcement departments while working a particularly nasty case with high media visibility. Melanie is a wonderful character whose own obsession of being a heroine causes her anguish. Connor is sort of a fallen angel trying to regain his self worth, but losing the battle within his own soul. The secondary characters bring out the traits of the lead couple even as their subplots tie back to the main tale. Erica Spindler deserves cross genre acclaim. Harriet Klausner 1 von 1 Kunden fanden die folgende Rezension hilfreich. Good storyline. Von Ein Kunde This is the first of Erica Spindler's books I have read, and I really enjoyed it. Although I figured out fairly quickly who the Dark Angel was, I spent every spare minute this weekend reading it because I was anxious to see how the sequence of events would play out. There weren't a lot of surprises in this book, but all in all, it was a good read. I'll definitely try another of hers.

Kurzbeschreibung Men are dying unexpectedly in Charlotte, North Carolina—all victims of bizarre accidents. No one will call these deaths murder. No one except small-town cop Melanie May. She sees the pattern: a serial killer targeting men who have slipped through the fingers of justice. Alone with her awful certainty, Melanie risks her career to convince Connor Parks, a troubled FBI profiler, that she's right. Suddenly Melanie is in the limelight, lauded for uncovering the Dark Angel. But her involvement makes her a target. For as she and Connor study the victims, their deaths, the signature the murderer leaves at every scene, Melanie comes face-to-face with the terrible truth. The profile Connor's created fits someone in her own life...a profile of a cunning killer, one without remorse and bent on vengeance. A killer who will not stop until... All Fall Down. From Publishers Weekly Melanie, Mia and Ashley are triplets dealing with the effects of an abusive childhood in Spindler's (Cause for Alarm) dark psychological thriller. Grown up and battling dysfunction, Mia's now married to a physically abusive doctor; Ashley has become a bitter man-hater; and Melanie is a divorced cop fighting for custody of her son. When a serial killer nicknamed the "Dark Angel" starts bumping off abusers who have gone unpunished by the legal system, Melanie begins her own investigation into the mysterious deaths. Most people, including world-famous FBI profiler Connor Parks, think the case is best left unsolved, but Mel is out to win the respect and cooperation of her peers, even if her findings take her too close to home for comfort. Although suspenseful, this hefty novel is diminished by sluggish plotting and uneven writing. Copyright 2000 Cahners Business Information, Inc. Pressestimmen "A smooth fast ride to the end. Spindler is at the controls, negotiating the curves with consummate skill." - John Lutz, author of Single White Female
