**Von Rucy Ban : All My Life (A First Things Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised All My Life (A First Things Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet and heart-warmingVon LittleDarlingMeet Kari, a young girl whose first love and first time ended, well, lets just say not so perfect. Now she has to deal with the consequences of trusting the wrong person. This makes her distant, closed-off and wary. When she is in need of money, she happens to stumble upon a job opening at the tattoo parlour across the street from her house. She accepts the job and gets more than she could have ever imagined. Not only does she learn to tattoo but gets a new chance at life, letting go of her mistakes and looking forward to her future again. This not only with the help of Agnas (her boss) and Nali (her co-worker) but mainly thanks to the sweet, thoughtful and oh so sexy

Neil. That guy totally made my heart melt. Seriously one fabulous book boyfriend. He was understanding and made sure she has everything she needs, always looking out for her and being there for her. And even in the most embarrassing moments, he stayed absolutely cool and surprised with the warmest and kindest deeds. Awwwww.Kari seems to regain a sense of pride and starts to enjoy her life the more time she spends with her new family. Her transformation was so much fun to watch. And the development of her relationship with Neil is touching and sweet. It will transform your heart to mush. The banter, the flirting and the sexual tension between the two of them hot, hot, hot. I also loved that it was a female character that was a tattoo artist. It is unusual in most books. It was even more likeable due to the fact that it absolutely wasn't Kari's thing and yet, she came to love this form of art. Despite all the sweetness between Kari and Neil there were quite a few sad, tragic or dramatic moments that added more substance to the book and made it even more touching. I like an author that isn't scared to broach difficult and dark topics, which is what Rucy Ban has done. I loved the story and loved the characters. I actually wished a couple of times that I could hang out at the tattoo parlour. And no, not only with Neil. Only the ending seemed a bit rushed with not doing the rest of the story justice, but that didn't stop me from enjoying the book as much as I did. A wonderful debut and 4 sweet and heart-warming stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Where is the love?! Von Becks Hugger The Story of Kari and Neil is told in basically one sentence. Incredibly hot guy saves damsel in distress followed by epic romance. The Characters seem nice at first- Kari being a nice, nerdy overachiever, Neil being every girl's wildest fantasy bad boy. But as the story develops, it becomes apparent, that they totally lack of individuality. Anything is just so plain obvious. He always shows up when she gets the slightest bit into trouble. She pretends to refuse to open up while totally opening up to him. The story develops so quick and so predictable, it's basically a waste of time to even read and not just guess it. Still, the book is free and all, so I shouldn't judge too hard. Wouldn't buy the sequels, though.

Kurzbeschreibung CONTEMPORARY ROMANCE "A sweet read with lots of quirky banter, angst and a touch of smexy." - Tamsyn Bester "This is THAT story...the one that grabs you from the first page and you just can't seem to put the book down till you find out the ending!" - NovelGrounds Book Blog "A really smartly written, funny new adult romance...no cliffhanger!" - Poppy (An er) Seventeen-year-old Kari meets Neil Mars. Neil as in Armstrong and Marsas in Bruno. A boy who beats every vampire, werewolf, highlander fantasy Kari has ever had. But she knows she can't get close to him. Not ever. Because that would mean telling him everything. Coming clean. And Kari can't bear the idea of changing the way Neil looks at her. Like she's the only girl in the world. His reverence is something too precious to lose. Perhaps even at the cost of losing him. But Kari doesn't know why Neil calls her his Angel and when she finds out, she realizes what love is all about. Boundless joy, unending longing and a fuckload of heartache. \*\*\*Full length New Adult Contemporary Romance. Ever since she first met Francine (the protagonist of her favorite novel, A Tree Grows in Brooklyn), Rucy fell in love with the written word. Rucy has a B-school degree in Marketing which she now puts to good use teaching lovable rowdy rogues and negotiating with her equally belligerent adolescent. In her previous avatar, she handled corporate communications for companies. At present, Rucy lives in Sao Paulo, travels often, speaks decent, if not quite fluent, Portuguese and really hates talking about herself in third person.
