**Von Deborah Crombie : All Shall Be Well (Duncan Kincaid / Gemma James Novels)** before purchasing it in order to gage whether or not it would be worth my time, and all praised All Shall Be Well (Duncan Kincaid / Gemma James Novels):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. sehr spannendVon Brbel Behrenswie immer ist das Zusammenspiel zwischen Duncan Kincaid und Gemma James sehr

feinfhlig beschrieben. Die Handlung ist zwar aufgrund der Krankheit von Jasmine Dent traurig, aber die Rollen der brigen Personen ist so umwerfend beschrieben, dass das Buch bis zum Ende mehr als spannend ist. Zwei Romane liegen noch zum Schmuck bereit und ich freue mich auf graue Herbsttage, denn die Krimis von Deborah Crombie lassen jeden grauen Himmel vergessen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Well balanced! Von Tom13 The number one - nevertheless well written. If you are a fan of the couple detectives from Scotland Yard or a novice to them - you both may be fascinated by Crombie's unadorned narrative art. And: the detectives are not a couple but a guy and a sergeant. We wonder how it can start - you have to read the sequels. But it does not start in the next one ... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein toller Krimi, der die Herzen der Fans englischer Erzhlweise hher schlagen lsst! Von Kerstin Ich habe dieses Buch als eines der Reihe um Kincaid und Gemma gelesen; es hat mich mit seinem stimmigen Plot von Anfang bis Ende gefesselt und war nie langweilig oder durchsichtig! Zu empfehlen fr alle Fans der englischen Krimikultur!

**Kurzbeschreibung** Perhaps it is a blessing when Jasmine Dent dies in her sleep. At long last an end has come to the suffering of a body horribly ravaged by disease. It may well have been suicide; she had certainly expressed her willingness to speed the inevitable. But small inconsistencies lead her neighbor, Superintendent Duncan Kincaid of Scotland Yard, to a startling conclusion: Jasmine Dent was murdered. But if not for mercy, why would someone destroy a life already so fragile and doomed? As Kincaid and his capable and appealing assistant Sergeant Gemma James sift through the dead woman's strange history, a troubling puzzle begins to take shape -- a bizarre amalgam of good and evil, of charity and crime . . . and of the blinding passions that can drive the human animal to perform cruel and inhuman acts. From Publishers Weekly Written with compassion, clarity, wit and precision, this graceful mystery amply fulfills the promise of Crombie's debut novel, *A Share in Death*. "Morphine coats the mind like peach fuzz," thinks Jasmine Dent, a 50-year-old spinster born in India who is dying in London of lung cancer. Her death resembles suicide but leaves her friend and neighbor from the flat above, Scotland Yard Supt. Duncan Kincaid, uneasy. The postmortem he orders reveals an overdose of morphine, prompting him and his sergeant, hot-tempered, copper-haired Gemma James, on a thorough investigation. Suspects include 30-ish, disheveled Meg Bellamy, a timid friend with whom Jasmine had considered suicide, and the downstairs neighbor known as the Major, a veteran of the Muslim-Hindu clashes in Calcutta in 1946 and an avid gardener with whom Jasmine had often sat "like two old dogs in the sun." Others include Meg's stunningly handsome, bullying beau Roger, who urged that she help Jasmine end her life; Felicity Howarth, Jasmine's faithful home-care nurse who slaves to keep her brain-damaged son in an institution; and Jasmine's weak-willed brother Theo, owner of a village junk shop who has failed at every venture he's tried. Helped by Jasmine's journal and a visit to a mental hospital, the clues finally click into place to reveal the culprit. Meg makes a decision that promises hope for two people, while Gemma and Duncan, both unlucky in love, move closer to each other. Copyright 1993 Reed Business Information, Inc. From Booklist Crombie's second installment in the Duncan Kincaid and Gemma James series respects all the conventions of the police procedural subgenre but still manages to seem fresh and lively. Scotland Yard Superintendent Kincaid's terminally ill neighbor Jasmine Dent has died, possibly a suicide, but Kincaid senses something amiss. With Sergeant James' expert help, Duncan goes on a search for anyone with a possible motive for murder. They consistently draw blanks until Jasmine's journals provide some insight into her past and ultimately unlock the key to the mystery. All in all, this is an extremely satisfying procedural with good plotting and excellent characterizations. And while Duncan and Gemma's relationship may already be something other than strictly professional, Crombie is too savvy to let it progress all that much more, undoubtedly holding back for what we hope will be many more sequels. Stuart Miller
