Von Connie Brockway : All Through the Night before purchasing it in order to gage whether or not it would be worth my time, and all praised All Through the Night:

The end is dissappointing!Von Ein KundeThe first half of the book was quite good: the characters were interesting and the story compelling. Not so the second half of the book. Jack suddenly turns into a male chauvinist pig and handles his "beloved" quite roughly. I don't like it, when women are treated roughly, I can see nothing romantic about it. And when the mystery about the letter was solved in the end I was really disappointed. I am sorry, but after the suspense that was

created in the story I expected more than this!0 von 2 Kunden fanden die folgende Rezension hilfreich. very engrossing readVon Deborah MacgillivrayBetter than average read. She is a lady by day tormented by the mental scars left by dead husband, by night a cat burglar, stealing from the Tons richest people. He is the man sent to catch her.I liked her well drawn characters that make you care about what is going on. Had a hard time putting this one down.1 von 1 Kunden fanden die folgende Rezension hilfreich. A Well-Crafted StoryVon Ein KundeThis book is a jewel. Rarely have a book gripped me by the neck and dragged me into a story so magical that I never wanted it to end. Jack Seward is a secret intelligence officer in the trail of Anne Wilder, a female cat-burglar who may have stolen a document of importance that threatens Regency England's security. Jack was a man with painful past : he had lived a false identity, and was so withdrawn from most human compassion that he was almost the emotionless ghost some thought him to be. Anne, on the other hand, was the opposite: she had been suffocated by the attention of an obsessive husband and lived in guilt and low self-esteem. She thrived on taking risks in order to feel alive. Seeing these two challenge each other over rooftops and on dance floors was like watching a chess match, riveting and intense, but ultimately satisfying in the outcome. For these two characters needed each other, to teach other to feel and love again. Miss Brockway was most poetic in her writing. When Anne was missing, a frantic Jack searched for her, asking people he met as if they had seen her. But it was useless, 'for their eyes were on the ground, and she, she flew', thought Jack. This romance is also compelling in that it was Jack who opened himself first to Anne. He admitted his need for her love and affection, and his attempts to keep her safe from his employers even as he tried to win her heart were a heartbreaking read. This book made me feel many things. Pain at the torment these people go, tears at the healing of their ravaged souls, and finally, a bittersweet lump in my heart as I said goodbye to the people I've known for a few hours yet cared about. Connie Brockway had worked magic - a magic that we readers experience oh-so rarely in reading a book. Get this book - it's well-worth the investment.
