Von Barbara Freethy : Almost Home (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Almost Home (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A real feel good romanceVon Barks Book NonsenseKatherine Whitfield never knew her father and lost her mother when she was only twelve. She longs for family ties, for roots, and most importantly for love. When she finds her mother's old trunk and discovers a letter that hints at the location of her father she drops everything and heads straight for Kentucky. Katherine is searching for a map when she nearly collides with a trailer and meets a very unfriendly Zach

Taylor. Zach is furious at Katherine's reckless driving and gives her an earful. The trailer she nearly hit contains his horse, Midnight Rogue, who he believes will win the Kentucky Derby. Despite his anger he stays with her until a tow-truck arrives. Their attraction is immediate but a relationship seems to be an impossibility because Zach refuses to risk his heart after he was left at the altar by a woman he loved. He has no room in his life for a woman, he stubbornly insists. He only wants to win the Derby, own his own stud farm and live a quiet simple life without all of the complications that love is sure to bring along. Lucky for us he falls hard and fast for Katherine. I tend to favor relationship driven novels about people who genuinely care for one another as opposed to those books where the couple spend the book calling each other nasty names and then immediately hop in the sack. That's why I enjoyed "Almost Home" so much. The relationship between Zach and Katherine begins with a lusty attraction that gradually deepens into a friendship and eventually develops into love. It's clear to see that these two down-to-earth people genuinely "like" each other and aren't mistaking infatuation with love. The end result is an intensely satisfying love story. If you're in the mood for a slower-paced, feel good romance that isn't plagued by the unnecessary subplots that are far too common in contemporary romances give this one a try. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantastic book! Von Ein Kunde I just finished this book, and I loved it. The story starts when Katherine, the heroine, finds a letter from her mother to her father buried in an old chest. It occurs to her that her father might not have known of her existence and now totally alone in the world, she sets off to find him. Her journey takes her to Kentucky where she meets a very sexy horse trainer. I loved the romance, and I really enjoyed all the characters in the town and how the wrong secrets kept threatening to spill out, confusing everyone. This was a great book to start the New Year! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Thumbs up Von Ein Kunde I enjoyed this book - it has all the elements of a good romance. A rough around the edges hero, a heroine with a personality, some mystery and a dose of antagonism between the two characters to keep the tension going. I particularly liked Katherine, mainly because she doesn't follow the stereotype of a romance heroine. She's vulnerable and very human. After reading this book, I would probably read something else by this author.

Kurzbeschreibung Customers who enjoy books by Robyn Carr, Debbie Macomber and Susan Wiggs will enjoy this contemporary romance set in the lush horse country of Kentucky filled with small town charm, romance, love, family and friends from #1 NY Times bestselling author Barbara Freethy. Katherine Whitfield hadn't left her seamless life in California to get mixed-up with a rough around the edges man like Zach Tyler. With his well-worn jeans and slow, seductive smile, he was nothing but a cowboy on the wrong side of the Mississippi - a diversion in her heartfelt quest to discover the father she never knew. Zach has a gentle hand with horses and a seductive touch with women ... and when he takes Katherine in his arms, he unleashes the passion simmering just below her cool exterior. Yes, her probing questions and tantalizing ways could cause nothing but trouble - but sometimes a man needs a little trouble ... s: "Ms. Freethy's protagonists have such depth of character and personal conflict that they come alive on the pages. The author then surrounds them with a bunch of interesting secondary characters and places them in a setting so well described I felt I was there in the lush Kentucky countryside. An excellent romance to enjoy, remember and keep." Rendezvous Magazine "This book is meant to be read in one sitting. Like a horse worth riding, this romance is definitely worth reading, and the setting makes for one long and lovely romance. Ms. Freethy has penned a welcome addition to any keeper shelf, for this is nothing if not spirited." The Old Book Barn
