Von Jana Misho : Almost Parisian: How To Survive Your Late Twenties... In Paris (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Almost Parisian: How To

Survive Your Late Twenties... In Paris (English Edition):

KurzbeschreibungA girl in a loving relationship with Paris leads a perfectly designed life, in her Gare du Nord apartment, with a wonderful job and a lot of coffee. Yet, one spilled coffee, one lost job, and one small flood later, Paris fails in always being a good idea, and manages to mock the heroine in every step. Add complicated relationships, an unlikely father figure and a crush on a man she hardly ever noticed before and you have the perfect recipe for a series of first-world problems.

KurzbeschreibungA girl in a loving relationship with Paris leads a perfectly designed life, in her Gare du Nord apartment, with a wonderful job and a lot of coffee. Yet, one spilled coffee, one lost job, and one small flood later, Paris fails in always being a good idea, and manages to mock the heroine in every step. Add complicated relationships, an unlikely father figure and a crush on a man she hardly ever noticed before and you have the perfect recipe for a series of first-world problems.

ber den Autor und weitere MitwirkendeA new author who writes things she wants to read. Spent her whole childhood going in and out of Paris, and it is her inspiration on every level. Loves Salvador Dali, espresso and urban scenery and even though her first book is an urban romantic comedy, she loves Tolkien and is biting her nails until GRRM's *The Winds of Winter* comes out. Paints and drinks coffee a lot. If you want to make her miserable, all you have to do is put her somewhere in the country, with no buildings, no asphalt and no service. She'll probably bring her laptop and write there anyway, and her shoes will be totally inappropriate.
