Von Isabelle Arden : Alpha Omega: A gay werewolf shifter romance (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Alpha Omega: A gay werewolf shifter romance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Decent werewolf romanceVon Cathy HI am not a big fan of the priesthood trope, i.e. some conflicted priest, whose vows of celibacy are tested and eventually fail because of true love. But this sounded like fun and I need something silly to chill out.I don't really buy the idea of werewolves, that are so far removed from human society, that they don't know

the inns and outs of that society. Is that a believable setting? It's nice though, that there are female alpha wolves and that it doesn't make a bit of a difference, what gender everybody is. Decent characters, plot and sex scenes. Aden is a little wishy-washy, after being so conflicted at first, he gave up the goods pretty easily. The story is predictable and straight forward, but entertaining enough.

KurzbeschreibungAs the youngest son of his packs Dominant Alpha, Nicolai Jensen has always had to fight for whatever he can get. Tired of the struggle, hes decided to strike out into the world to search for someone to call his own his fated mate. But the other half of his soul is the last man Nicolai expects: an unprotected Omega without a pack, who doesnt even know hes a werewolf. For Father Aden O'Hanlon, the closest thing hes ever had to a family is the Church. Hes always looked to it to find a sense of safety in the world a world where he still feels out of place, even after taking his vows. But when the handsome, mysterious Nicolai walks into his life, everything Aden thought he knew is turned upside down. Nicolai might hold the answers to every question Aden has ever had about himself but at what cost?With Aden about to enter his first heat and a group of rogue Alphas searching for a vulnerable Omega to add to their pack, Nicolai doesnt have a lot of time to explain to Aden who and what he is. The only thing he has to rely on is himself and his strong Alpha instinct to protect Aden at all costs. Will his bond with Aden be enough to gain his trust before it's too late?Alpha Omega is a 54,000-word standalone romance novella, featuring HEA and no cliffhangers. It contains explicit scenes of sexuality and is not intended for anyone under the age of 18.
