Yummy Tigers and Bears!Von RobynAlphas of Black Fortune books 1-5 are very hot and sinfully sexy! The adventure starts out with the female captain Cressida. She runs a good ship following the rules of being a pirate. A mutiny is brewing and Cressida is trying very hard not to allow this to happen. In the process of capturing a merchant ship she sees a chained man named Reza and decides to take him as her prize. Unaware that he is a tiger shifter. After a much needed night of passion the men of Cressidas ship take over. They try to see her and Reza to the highest bidder. In walks in her on again off again lover James; he too is a s\*\*\*\*\* unbekownst to Cressida, a bear. He buys her and Reza and they set sail on his ship of bears. Longing to be with Cressida again never really getting over her he makes her an offer

she cannot refuse. James tells her that there is a mighty treasure out in a faraway land and Reza is the key to get there. Along this journey things get heated and the three are in for a bumpy ride. Action and adventure lure you into a magical world. Super sexy men and all that Cressida can have. Once they make it to the island it is no-stop from there. Love will concur these three but just how??? You will get caught up on the battle of Tiger and Bears. Can one human control two alpha males with just her beauty? If she is the chosen one just maybe. Scarlett Rhone does a fantastic job of taking you on a rollercoaster ride of your life. Filled with suspense, drama and knock your socks off mnage!
