**Von Laura Harner : Altered States (Book 1-Prequel) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Altered States (Book 1-Prequel) (English Edition):

Kurzbeschreibung New Orleans Police Detective Sam Garrett can't believe his bad luck when he's assigned to investigate a string of gay-bashings turned deadly in the French Quarter. Especially when he realizes Travis Boudreaux, his new, hot, and most-likely-straight partner, plans to use him as bait. The worst part? They've got no back-up because the rest of the city is preoccupied by another series of killings the victims drained of blood. This bestselling M/M Urban Fantasy is the prequel for the book, Deep Blues Goodbye, by Laura Harner and T.A. Webb.
