Amazing story
Von Elisabeth Eder
Just came back from Morocco and was reading the book while there. I really wish I had started earlier since it gave so much insight! The love story is amazing and captivating, but the background information on the Berber culture is what makes this book excellent!

Kurzbeschreibung
Tom Gamble's *Amazir* is a breathtaking journey into the souks and mountains of Morocco that chronicles a powerful love affair and a nation's political turmoil. An idealistic young Englishman, Harry Summerfield, befriends an American oil explorer in Gibraltar in the 1930s. Their meeting sparks a journey for both men that will take them across Morocco and northern Africa, to encounter the harsh realities of Berber opposition to French colonial rule and the passion and conflict of a love for the same young French woman. Full of action, character and extraordinarily vivid local colour, this is a vast novel of adventure, romance and intrigue which keeps the reader guessing page after page. From the hustle and bustle of Marrakech to the beautiful solitude of the Atlas Mountains, and incorporating all levels of society in pre-war Morocco from Berber tribesmen to French politicians, *Amazir* is a powerfully evocative work dealing with a vast spectrum of human experience - from wonder to despair.
