**Von Lauren Royal : Amber (Chase Family Series Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Amber (Chase Family Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Touching story, but not so good as the first bookVon Jenny60Touching and quite believable story of Kendra and Trick stands for me neverless a bit far from the perfect first romance, Amethyst.If youve read the first book, it looks doubtful what independent and intelligent Kendra could be forced to step into such important (given the time) enterprise as marriage with the virtual stranger. Though the forced marriages were enough common these days.Other thing that

unpleasantly struck me in this novell is the language. Even for the lame public the authors language should be in tune with the period, the story refers to. The world logistics (in the talk about delivering the treasure) could not appear in the everyday speech before the middle of 20-th century.
