Hot Steamy Sex Von Ingrid Stephanie Jordan 5 Stars Title: Amber Flame The Flame Series #4 The Wolves Of Five Bridges Author: Caris Roane Reviewer : Stephanie Jordan #Paranormal #WolfShifter #Fae #Ghost This is really a

marvelous book and the series is phenomenal I love how Ms. Roane matches her characters and portrays their feelings/emotions so well that I believe it's me doing everything. Gosh, I sure do recommend this book but really you'll see, kinda like lays potato chips you can't eat just one. This series is extraordinary!! Eric Fergus is an Altered Wolf an Alpha in the Savage Territory. He also worked as a Savage Territory Border Patrol Officer. But today he was fighting a dominance battle, for the Gordion Pack, with Sydon the coward, that right coward he wanted the pack and Fergus wasn't losing this fight but then Fergus didn't account for Sydon cheating, seeing a long piece of metal slide out of his black leather wrist guard and pierce a hole at the bottom of his heart. They dumped his dying body. Mary Somers is an altered fae plus a veterinarian who lives in the Revel Territory. She loves being a Veterinarian but not an Altered Fae and because of her sisters who was an altered wolf she was killed by a wolf because basically she was at the wrong place at the wrong time, so Mary hated wolves. Finding out she had feelings for Fergus in a dreamglide and that he was dumped and was close to death. She rushed to save him while remembering all her dreamglides with Fergus the Wolf. Could she save him? Then what does she do? I was gifted this ARC for an honest and truthful review.

**Kurzbeschreibung** Do you love alpha warriors haunted by dark pasts? Do vampires, shifters and fae make your night? Meet vampire Border Patrol Officer Eric Fergus, a hunky alpha wolf in desperate need of a worthy woman. Against his alpha wolf principles, Eric Fergus seduces a beautiful fae woman in the dreamglide and soon discovers she's the only woman who can save his life. Fergus has been without an alpha-mate for three years, from the time his wife was murdered. He's failed repeatedly to bond with the female wolves of the Gordion Pack. When he rescues a fae woman from a sex club, his need to bond with her goes into overdrive. But how can an alpha bond with a fae? Can his pack ever accept her as his bonded mate? Mary has lived a solitary fae life in Revel Territory. As a veterinarian, she's established a thriving small animal practice. Having survived a recent abduction, she's leery of entanglements of any kind. But when Fergus contacts her through a dreamglide, asking her to save his life, she hurries to the Graveyard and rescues him from certain death. But when she discovers that for the past month he's been her lover in the dream-world, she's appalled. Mary doesn't like wolves or anything to do with Savage Territory. She wants him out of her life, but soon realizes if she doesn't serve as his bodyguard the whole territory will go to war and hundreds of innocent wolves will die. But how can she align herself with the wolves of Five Bridges? **AMBER FLAME** is a standalone story with no cliffhangers. It's a passionate, sensual, paranormal romance, featuring a wolf and a fae set in the urban world of Five Bridges. About the Author: Caris is the New York Times bestselling author of thirty-four paranormal romances. She loves her desert garden, especially the birds and lizards who like to hang out.
