Von Gill McKnight : Ambereye (Garoul Series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ambereye (Garoul Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Well worth readingVon AstridBack Cover:The thing with the Garouls is you never get quite what you think you will. They really are something else.Hope Glassy loves her job at Ambereye, Inc., despite having Jolie Garoul as her new boss.Jolie is a moody workaholic. She is awkward, contrary, and on occasion just plain mean. Hope is hardworking,

popular, and in recovery from a serious illness. She doesn't need a bizarre boss. She doesn't need office politics. And she doesn't need to work over Thanksgiving either. Nevertheless, that's what she and Jolie end up doing...in Little Dip, home of the Garoul clan. An important meeting brings them to the valley where it's assumed Jolie has brought her chosen mate to meet her pack. Much to her consternation Jolie finds she likes this idea, but Hope has no time for romance. She is eager to get her life, health, and career back on track, nothing more. Jolie is determined to change her mind, but how does a lycanthrope woo a human? A small and super-efficient, bossy boots human at that? My review: This book is well worth reading if you're looking for werewolf story with a good sense of humor. Hope is a survivor with a heart of gold and a stubborn attitude. Jolie has a heart of gold and the mindset of an abig child. They clash in the beginning and the reader easily takes Hope's side. Nobody would like to work for Jolie Garoul. Nobody! She's moody as hell, leery of all her staff and possessive as the next wolf. Which is just the point: she's a werewolf - and Hope has no idea. And then Hope falls in love with Jolie - even though she doesn't want to. I enjoyed this story very much. Goldenseal (the first book in the Garoul series) was okay. Ambereye is better - which makes me look forward to the next book in this series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A fun read Von Sandra I enjoyed this one much more than the first in the series, and it can be read as a standalone. The characters are better developed, and the author captured my interest from the beginning by making me curious about the characters and not revealing too much too soon. Also, there were some really funny scenes. One of the best reads of 2010. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Very witty, fast paced shape-shifter novel Von Philologus Ambereye, the sequel to Goldenseal, is a very witty, fast paced, well-written, rounded shapeshifter novel. Highly recommended! Since Ambereye is imho much better than Goldenseal I look forward to the sequel ...

She loves messing about in boats and has secret fantasies about lavender farming. With a BA in Art and Design and a Masters in Art History it says much about her artistic skill that she now works in IT.
