Von Bret Easton Ellis : American Psycho: Picador Classic (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised American Psycho: Picador Classic (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Habe nicht bedacht, dass alles so klein gedruckt ist....Von Bial-Doni.....aber das darf kein Grund sein zu meckern. Dass das Buch vom Vorbesitzer nicht ganz so liebevoll behandelt wurde, wie ich meine Bcher behandle, das gibt - mit ein wenig ungutem Gefhl - einen Punkt Abzug. Aber bitte als Aufforderung zu verstehen, wie es Funny van Dannen in

einem seiner Lieder beschrieb: Alle Dinge brauchen Liebe.....!0 von 0 Kunden fanden die folgende Rezension hilfreich. Best bookVon walloThis is my favourite book. I have it as an epub, also the first edition in paper, so I had to buy this one as well. Bought used to save money and it was in perfect conditions. I recommend both, the book and the shop.0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant book, but kindle version is missing words and sentences here and there.Von RasmusReally odd. The book is as great as it ever was, but the kindle edition is missing words and sentences here and there. This is truly weird.

KurzbeschreibungWith an introduction by Irvine WelshA cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do?Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, reservations at every new restaurant in town and a line of girls around the block. He is also a psychopath. A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . Bret Easton Ellis's American Psycho is one of the most controversial and talked-about novels of all time. A multimillion-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature..deBrett Easton Ellis established a reputation as the enfant terrible of American fiction in the 1980s with his controversial novel Less than Zero, but with the publication of American Psycho he became established as one of the most notorious and reviled novelists currently writing. American Psycho deserves its controversy. The novel opens with a sign scrawled above a New York subway station: "Abandon hope all ye who enter". So begins a hellish descent into the world of Patrick Bateman, the novel's protagonist. Bateman is a handsome 26-year-old Wall Street yuppie, who spends his days listening to Whitney Houston and working out which exclusive restaurant to eat in and what clothes to wear in a dizzying parody of 1980s consumerism run mad. However, Bateman also has a darker side; he is a psychopathic serial killer, with a penchant for torturing and sexually abusing young women before killing them in the most gruesome and explicit fashion. The novel contains little actual plot, and consists of extended descriptions of exclusive restaurants, designer clothes, TV shows and the minutiae of Bateman's vacuous world, relieved only by clinically described scenes of torture and mutilation which are not for the faint-hearted. Bateman makes little attempt to justify his actions, merely claiming that "this is the way the world--my world--moves". As a satire on the bankrupt, money-driven world of the 1980s, American Psycho is a successful, if rather heavy-handed piece of fiction, whose controversy seems only set to increase. --Jerry Brotton.co.ukBrett Easton Ellis established a reputation as the enfant terrible of American fiction in the 1980s with his controversial novel Less than Zero, but with the publication of American Psycho he became established as one of the most notorious and reviled novelists currently writing.
