KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Compelling and delightful!Von Ein KundeI'm normally not a fan of romance novels - but this one hit me where I live! At last - a ROUND heroine! The story is intriguing - the characters finely drawn. This is a FUN read, and MOST enjoyable for those of us not built like a Barbie doll!

KurzbeschreibungSix months in America should give Dr. Amanda Potter a chance to re-evaluate her life. In London

her marriage of twenty-two years is unraveling, and her hospital superior is trying to sabotage her career. But danger awaits her in America as well. The director of her OB/GYN department is actively biased against women of abundant proportions. Alas, Amanda is packaged in a petite but Rubenesque body with a personality more forthright than tactful. And then there's the recently-divorced Jack Hunter, complete with melancholy blue eyes. He offers Amanda a challenge and forces her to take a hard look at her own perceptions of weight, sex and fidelity. Womens Fiction/Contemporary Romance by Elizabeth Neff Walker; originally published by Belgrave House
