Kurzbeschreibung Marine sniper Kyle Swanson and his beautiful girlfriend, CIA agent Lauren Carson, are on a mission in Pakistan when their world is turned inside out. Kyle is captured and thrown in prison. Lauren is accused of being a double agent. The one person they can trust to help is the man who sent them on the black operation - Jim Hall, a legendary CIA agent, Kyle's sniper mentor, and Lauren's boss and former lover. But Hall has gone rogue. He is selling America's innermost secrets to a ruthless Pakistani warlord who wants to mould al-Qaeda into a legitimate political party, and secure a nuclear arsenal. For Jim Hall, his former protégé Swanson is the final obstacle. Caught in the sights of a man he once idolized, and who taught him how to shoot, Swanson must prevent a global disaster - from the streets of Washington to the Bavarian Alps, the two snipers stalk each other in a deadly hunt that has only one possible outcome.

Pressestimmen Intricate, well-crafted Coughlin vividly [portrays] the ethos of combat soldiers. Publishers Weekly The cat-and-mouse game that ensues between the two adversaries will have readers frantically turning pages. Series fans will enjoy the roller-coaster ride, and military-fiction buffs new to the series will find this episode a great place to start. Booklist CLEAN KILLA Sniper Novel The pages fly by as Swanson must face his most personal mission yet. The military tactics take a backseat to the characters, creating a strong and compelling narrative. Coughlin and Davis have concocted another winner that should only encourage a growing readership. Booklist Former Marine Coughlin and bestseller Davis combine a well-paced, credible plot with a realistic portrayal of modern combat. The climax will leave readers cheering. Publishers Weekly DEAD SHOT A Sniper Novel Compelling. Publishers Weekly The [plot] propels the pages forward, but this one isn't all about action: Swanson proves a surprisingly complex character... Dead Shot suggests a hardware-heavy story that only an armed-services veteran could love. Surprisingly, it's completely the opposite. Readers will be compelled and will look forward to another Swanson adventure. Booklist Kill Zone A Sniper Novel Stunning action, excellent tradecraft, insider politics, and the ring of truth. Just about perfect. Lee Child Tight, suspenseful Here's hoping this is the first of many Swanson novels. Booklist A renowned sniper, Coughlin recounts battlefield action with considerable energy. The Washington Post The action reaches a furious pitch. Publishers Weekly SHOOTER The Autobiography of the Top-Ranked Marine Sniper One of the best snipers in the Marine Corps, perhaps the very best. When I asked one of his commanders about his skills, the commander smiled and said, I'm just glad he's on our side. Peter Maass, war-correspondent and bestselling author of Love Thy Neighbor The combat narratives here recount battlefield action with considerable energy . . . A renowned sniper, Coughlin is less concerned with his tally than with the human values of comradeship and love. The Washington Post Coughlin is a sniper, perhaps one of the most respected and feared in the Corps, and his memoir, Shooter, offers a uniquely intimate look into the life of one trained to live in the shadows . . . some of the most poignant action ever recorded in a modern Marine memoir.
