Can Punda And Dr. Hugo Save Aislinn?Von Ingrid Stephanie JordanTitle : An Apple Away (Wiccan Haus, #3)Author : Kate RichardsReviewed by : Stephanie Jordan*****Ms. Richards is one of the many authors writing for this Series Wiccan Haus. I really love the way these Author's with different tastes

and style have written these stories which seems to all go together. Dr. Hugo Peralta loved his job. They all said he really needs to take vacation so he was booked into Wiccan Haus Resort and Spa putting him in the Orchard where his neighbor happens to be ill so maybe he can help. Aislinn's friend advised her to go to the resort live a little because she didn't know how many tomorrow's she had left. Sick of all the tests and feeling like a pin cushion with not a clue what is wrong with her, and expecting to die, Aislinn decided to go. Punda was to look after Aislinn and was attracted to both Hugo and Aislinn but being an employee of the resort she has to be professional. Trying to put the two together after seeing Hugo and Aislinn are attracted to each other not realizing all three are attracted to each other. Yes it does get steamy, but so worth it. The healers realize what is happening to Aislinn and are shocked. Wonder what's going on? I was gifted this ARC for an honest and truthful review

Kurzbeschreibung Aislinn never wants to see another doctor. Their painful and pointless treatments have done nothing to improve her rapidly deteriorating health. She hopes that the staff of Wiccan Haus can at least offer a change of scene, if not a return of a little of her former strength. She's delighted to meet Punda, a masseuse, on her arrival and charmed by the cottage in the apple orchard where she will stay. Dr. Hugo Peralta visits the island at the insistence of his boss. The distinguished brain surgeon is in desperate need of a respite before overwork makes him one of his own patients. He is surprised but pleased with the privacy and serenity of his cottage--across the orchard from Aislinn's. An idyllic location on a magical island where love can blossom--if the Rowans can help the trio save Aislinn from whatever is killing her. Kurzbeschreibung Aislinn never wants to see another doctor.
