**Von Ellis Peters : An Excellent Mystery (Chronicles Of Brother Cadfael)** before purchasing it in order to gage whether or not it would be worth my time, and all praised An Excellent Mystery (Chronicles Of Brother Cadfael):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. The best of an outstanding seriesVon Ein KundeIn this moving and dramatic story, Ellis Peters succeeds in doing something I thought was impossible in a mystery - and I am a mystery writer myself. I can't tell what it is without giving away the end. All I can say is that in addition to a story that intrigues from the first scene, characters and relationships you will

never forget, and a fully-realized historical setting, there is an ending that will first thrill you and then make you say, "How did she do that???" And then you will want to read it all over again.0 von 0 Kunden fanden die folgende Rezension hilfreich. The best of the Brother Cadfael books so far in sequence!Von Ein KundeThis Brother Cadfael mystery was absolutely riviting; I couldn't put it down. I know it sounds cliché, but true. I have been reading the books in order and this is the best one so far. I was totally engrossed in the plot and characters. The silent monk and the former nobleman turned monk were beautifully formed characters. The interplay between the repeating characters of the series was at its best in this novel. It just made me want to finish the series, so I could start all over again. I highly recommend any of the Brother Cadfael mysteries, but feel they should be read in some sequence to understand the relationships between some of the characters - especially our dear Brother and Sheriff Hugh Beringer. They are one of the best detective pairings since Perry Mason and Paul Drake.0 von 0 Kunden fanden die folgende Rezension hilfreich. The most dissatisfying of the Brother Cadfael mysteries.Von M. PalmerThough I love Brother Cadfael, this story was most tedious and far-fetched. I couldn't believe that this young woman would do what she did for a man she hardly knew, and the conclusion drags out too long and elaborately, once you realize who she is. I've read worse books, but after the true excellence of most of the other Cadfael novels, this one was a strange, sad let-down.

KurzbeschreibungIn the hot, dry August of 1141, England is still torn by civic strife. Amidst the carnage the Abbey of Hyde Meade is totally destroyed; its resident brothers dispersed, finding refuge in the Abbey of Shrewsbury. But Brother Cadfael realizes that two of these refugees are not all that they appear to be.PressestimmenA pleasing and unusual mixture of suspense and historical fiction. (EVENING STANDARD)WerbetextIn his eleventh chronicle, Brother Cadfael suspects that the relationship between two refugees from civil war hides a deeper trauma that their shared flight.
