Von **Charlaine Harris** : **An Ice Cold Grave (Harper Connelly Mysteries, Book 3) (Harper Connelly series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised An Ice Cold Grave

(Harper Connelly Mysteries, Book 3) (Harper Connelly series):

Kurzbeschreibung The voices of the dead become inescapable clues for lightning-struck sleuth Harper Connelly in this winning series (Booklist) of murder and beyond from #1 New York Times bestselling author Charlaine Harris. Harper Connelly heads to Doraville, North Carolina to find a missing boy, one of several teenage boys who have disappeared over the last five years. And all of them are calling for Harper. She finds them, buried in the frozen ground. All she wants is to get out of town before she's caught in the media storm until she herself is attacked and becomes part of the investigation. Soon Harper will learn more than she cared to about the dark mysteries and long-hidden secrets of Doraville: knowledge of the dead that makes her next in line to end up in an ice-cold grave... From Publishers Weekly Bestseller Harris's exciting third Harper Connelly mystery (after 2006's *Grave Surprise*) finds the psychic sleuth faced with her most challenging and heartbreaking job to date: locating the bodies of runaway boys who the people of Doraville, N.C., suspect have become victims of a serial killer. After Harper locates eight long-dead bodies, much to the surprise of skeptical Sheriff Sandra Rockwell, a mysterious figure attacks Harper. Though all Harper wants is to go home and recover from her injuries, the local authorities and State Bureau of Investigation agents demand that she stay in town to help with their investigation. The cold case heats up fast, attracting media attention as well as Harper's friends, ailing psychic Xylida Bernardo and her doting grandson, Manfred, who make another gruesome discovery. Harper's changing relationship with her stepbrother, manager and confidant, Tolliver Lang, lends personal interest. Harris dependably delivers fear with charming down-home finesse. (Oct.) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. From Booklist After being struck by lightning as a teenager, Harper Connelly has developed the unique ability to find the dead and see how they died. She and her stepbrother, Tolliver Lang, run a business in which they travel the country assisting law-enforcement personnel and family members of the dead. In her third case, Harper is hired by a woman to find her missing grandson. In fact, numerous teenage boys have disappeared from Doraville, North Carolina. Harper finds the bodies, but still reeling from coming into contact with her first serial killer, she is attacked and injured. She stays in Doraville to recover and assist in the investigation. Harris' series makes the most of its unusual premise, using the paranormal elements to good effect. She has also created a winning heroine; Harper is a caring person who gives closure to victims' families often at great cost to herself as she deals with the skepticism of the law-enforcement community. Her developing relationship with Tolliver grows and changes in this installment. Sue O'Brien
