Steamy Sex Von Ingrid Stephanie Jordan 5 Stars Title: An Unexpected Diversion Hidden Hills Shifters Book 1 Author: Vella Day Reviewer: Stephanie Jordan #CheetahShifters #BearShifter #WolfShifter All I can say is WOW!! Being my first book from Ms. Day (most definitely not my last) I'm so in love with this well written book and character's easy to understand all and all Ms. Day wrote magic on each page. OMG! Hot Steamy Sex and I mean HOT.... Cheyenne Snow, who also goes by Chey happens to be a cheetah shifter and the Alphas daughter, who has decided to retire. That being said he gave Chey an ultimatum get a Mate by August or you'll mate Chuck Lord. Eww Chey wanted to vomit her dad is crazy there no way she want to mate that sleaze bag. Dr. Storm Durant is human, and he comes to Hidden Hills, North Carolina, to take over for the retiring doctor. While in Cover Bar he meets an attractive female and they hit it off right away. The sex was so hot they had to meet again and again. But in the heat of passion she bites Storm. Let the fun begin. I was gifted this ARC for an honest and truthful review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read with some Surprise Von Tebea Zoe Lanthmon Cheyenne is given an ultimatum by her dad to be mated within a certain period of time. When she meets Storm she falls for him though she knows they can't stay together because he's human. She as the daughter to the alpha of a shifter family is supposed to mate another cheetah shifter. She despises the man her father wants her to mate with if she doesn't find herself a mate within the allowed time. Storm and Cheyenne really hit it off but there is the fact of him being human. I've really liked to read this entertaining book. It's written well with a lot of tension and suspense packed into it. A beautiful love story in the world of cheetah shifters.

Kurzbeschreibung Warning: Contains explicit hot sex Sometimes the best things in life are unexpected. Cheyenne Snow has been given an ultimatum by her packs Alpha who unfortunately is her father. Find a shifter husband in the next four months before he retires, or she'll be forced to marry the unsavory Chuck Lord. Understanding that the odds of her meeting the deadline are slim, Chey decides to go out with a bang and find a human diversion. When Dr. Storm Durant comes to Hidden Hills, North Carolina, to take over the practice of a retiring physician, he never expects to be immediately drawn to the incredibly smart, sensual, and sassy Cheyenne Snow. He can't even explain the intense attraction, but he willingly participates when she seduces him. The euphoria is cut dramatically short when Storm finds out that the woman he's falling for is not only a shifter but is just using him to bide her time until she marries. Chey knows what she wants, and Storm can give her what she needs, but will it be forever or just a spring fling?
