western historicals are far superior! Von Laurie Gold I've read two of this author's western historical romances, and enjoyed them both. However, this is the first of her series titles I've read (the other was the third in this series - WITH A LITTLE T.L.C. - and both struck me as rather juvenile and unrealistic. Why is Southwick's writing so different in those historicals than it is in these series titles? I'm guessing it has to do with the line requirements, but it saddens me that an author who can write such good historicals is now only writing fairly bad series titles. Please do yourself a favor and pass this one by, but, if you can find either, instead buy WINTER BRIDE (a good mail order bride romance) or BLACKSTONE'S BRIDE. Both are for grown-ups. Then again, if you're looking for a romance to give a 12-year-old girl, this one might work just fine. I loved every moment. It's exactly the kind of story that lets me forget about my own problems for awhile. Do yourself a favor and get this honey of a book.

Kurzbeschreibung JUST ONE KISS But it was sure one doozy of a kiss! Abby Ridgeway had always thought of Nick Marchetti as her boss and closest friend. The one person who'd always been there for her. But his not-just-friendly kiss had now awakened a confusing and unfamiliar host of emotions. And changed everything between them. It was as though she was up against a gale-force wind. Every instinct screamed for Abby to hold fast to that special bond they already shared. But her fast-beating heart wasn't letting her forget how right and perfect that one moment had been. Could Abby risk it all to turn one kiss into a lifetime commitment? Kurzbeschreibung JUST ONE KISS But it was sure one doozy of a kiss!
