**Von Inglath Cooper : And Then You Loved Me (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised And Then You Loved Me (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Interesting read, but not one of her bestVon ulli-muI got an advance copy of this book in exchange for an honest

review. I liked this book o.k. but not as much as others I read by the same author. The story is set in a little town and most of the protagonists belong to a religious group that I had never heard of before. It was interesting to read about the kind of life they lead and how they struggle with decisions between what they really want and what is expected of them. Still, the story did not really grab me. It was an o.k. read but not more.

Kurzbeschreibung Readers who have enjoyed the emotional, heartfelt stories of authors like Jodi Picoult and Nicholas Sparks may enjoy "this great read about life, love, and the consequences of choices and actions." A contemporary romance for anyone who's ever believed that true love never leaves our hearts. . . People say you cant ever go back. That some of the things that happen to us simply cannot be redone. But the paths of a life journey are rarely straight. They twist and turn and wind back across those once visited and long thought to have faded from existence. Becca Miller has lived her life trying to do the right thing, even when its cost has been giving up the boy she loved and wanted to marry. The sacrifice she made for her sister isnt one she regrets because there was no other choice for her to make. And for eighteen years, she lives this choice with full commitment and as little looking back as she can manage. When Matt Griffith returns to Ballard County for the funeral of his grandmother, the path that had seemed so straight begins to loop back and take her across feelings she thought she had put away for good. As it turns out, those roads weve traveled do not fade at all. They simply wait to be retraveled, leaving us with the decision to follow them exactly as we did before, or make a different choice and find out where it will lead us. (Previously titled Crossing Tinker's Knob.) "I dont want to do an actual book review for this because it doesnt need spoilers, it doesnt need me to tell you whats going to happen; YOU NEED TO READ THIS BOOK! Its the epitome of womens fiction. Ive never read a womens fiction book that I was so consumed by. Please take a few hours, a few days, whatever you need and read this book. Its one my most favorites for 2014." - Shannon Daniel - "This book moved me in ways that I find hard to explain in this review. The only thing I can compare it to is another book I read that also moved me in ways I couldn't explain - Night Road by Kristin Hannah. Ms. Cooper's writing is rich and descriptive; you can see and feel what the characters see and feel." - .com er ButtonsMom2003 "Oh wow...I just finished and am sitting here stunned by the depth of this story...I have had so many emotions rung out of me by these characters. Ms. Cooper's ability to capture so many characters individuality is storytelling at its best and says much about her talent as a writer!" - .com er S. Schwartz "Crossing Tinker's Knob is one of those sit down and read it until it's done kind of books that takes you through the life of a young woman who gave up her true love to help her sister through a tragedy. You will be pulled into the story and find yourself rooting for the characters as they all face the consequences of decisions made 18 years ago. Life and love always find a way." - .com er K. ber den Autor und weitere Mitwirkende RITA Award-winning author Inglath Cooper has written 10 novels and 6 novellas. She fell in love with books as soon as she learned how to read. When I was a little girl, we had a black-and-white TV with

rabbit ears. Needless to say, it didnt pick up a lot! I spent a good deal of time with my nose in a book. I think I read most of the books in my elementary school library. That love for books translated into a natural love for writing and a desire to create stories that other readers could get lost in, just as she had gotten lost in her favorite books. Her stories focus on the dynamics of relationships, those between a man and a woman, mother and daughter, sisters, friends. They most often take place in small Virginia towns very much like the one where she grew up and are peopled with characters who reflect those values and traditions. Theres something about small-town life thats just part of who I am. Ive had the desire to live in other places, wondered what it would be like to be a true Manhattanite, but the thing I know I would miss is the familiarity of faces everywhere I go. Theres a lot to be said for going in the grocery store and seeing ten people you know! Her passion for writing has most recently translated into songwriting which she considers a natural extension of her love of storytelling.
