Boy meets girl in Galway City...one of Greeley's bestVon Ein KundeAndrew Greeley has been bringing real life fiction, or is that fiction imitating life?, to readers for the past couple of decades and just keeps getting better. G. Patrick "Toby" Tobin is, by his own admission, a computer hacker, a nerd. His agreement to travel to Ireland in comliance with his

great uncle's will is the step toward a grace which renews and affirms his own life. The quest to win the hand of his 8th cousin once removed, the fair Sara Anne, is facilitated by his "angel-cum-travel-agent" and complicated by the UFF, his cousin's personal demons, and his own domineering family. It will appeal to those who themselves yearn to respond to grace in their lives, the computer literate, and those who see dysfunction in their own nuclear families. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Who says romance is dead? Not Father Greeley! Von Ein Kunde Okay, let's go through the Greeley Checklist; Irish Catholic family, Check. Strong female lead, check. Sweet romance with a touch of danger, check. Happy ending, check. Yep, looks like the old Greeley formula. But as usual, he pulls it off in fine style. Patrick and Sara Anne are as engaging as my favorite Greeley couple, Dermot and Nuala from IRISH GOLD. And Raphaella, the angel with an attitude, is a delightful companion. One caveat; The thug who terrorizes our heroes. I think I saw this same guy in IRISH LACE. Greeley needs to come up with some new villains. All in all, formulaic but expertly handled. Andrew M. Greeley never fails to entertain with his warmth, wisdom and knowledge of the human heart. First-rate fun! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Pleasant fluff, but a really twisted message Von Thomas M. Davis This book essentially says that God will send his and/or her angels to watch over you, give you money, buy you all kinds of things, and help you find true love -- but only if you're white, rich, beautiful, smart, sexy, Christian, and preferably Irish. It's a pleasant enough love story, with the same old Greeley plot and character types, but when you look back on it, you have to wonder: is God(dess) really so trite, banal, and capricious as to send angels (sexy, beautiful female angels, of course) to do all THAT for some computer nerd just because he happens to be named Tobias? Hmph.

Kurzbeschreibung "I do not want ten million dollars. I do not want to visit Ireland. I do not want to end a Tobin family feud. And, above all, I do not want to court my eighth cousin, once removed." Even as he says the words, "Toby" Tobin, Irish-American computer hacker, knows it's useless to resist. His late great-uncle's will must be obeyed, and his family is determined to make him respectable by his twenty-fifth birthday. Encouraged by a photo of his cousin, Sara Anne Elizabeth Tobin, with her gorgeous black hair, blue eyes, and pale skin, Toby checks his computer for travel arrangements to Ireland. He finds himself chatting with an unusual travel agent, Raphaella, a very modern angel, who's been surfing the net for someone to look after. Raphaella gives him a new passport and first-class plane tickets out of O'Hare, and the encouragement and good humor he'll need on his quest for a living grail--the beautiful, mysterious, troubled, young Sara Tobin. He must marry Sara within the month (and solve an ancient mystery and elude a threatening thug) in order to claim his inheritance. Angel Light is based on the Book of Tobit in the Old Testament, one of the sweetest love stories ever told. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied..de "Toby" Tobin, Irish-American computer hacker, is in a bind: he must court and marry his pretty Irish cousin in order to claim a \$10 million bequest. Easy, right? But he's not counting on having to solve an old mystery, dodge hostile attackers, and put up with angels bossing him around too. Greeley has a light touch with romantic suspense, and it works..com "Toby" Tobin, Irish-American computer hacker, is in a bind: he must court and marry his pretty Irish cousin in order to claim a \$10 million bequest.
