A great read!Von MAD4ROMBKSAfter finally admitting to herself that she cannot raise her daughter, Angel, alone anymore, Heather Reed, a waitress/actress in New York, decides she needs help in raising her....mainly the help of her daughter's

father, Todd. Finally getting used to living in Whispering Wind, Wyoming after having spent most of his life in New York, Todd Winston, a former Broadway actor turned executive producer to media mogul Megan O'Rourke of Megan's World Productions, is shocked when Heather shows up one day in Whispering Wind. Having tracked him down, Todd is in for a double shocker when Heather informs him he's the father of Angel, the daughter he never knew he had. But a family secret from years ago leaves Todd with a "No kids, ever" outlook and he instantly rejects Angel, offering Heather money to take his child and go back to New York. Heather knows he's keeping something from her so she refuses his money and takes a job as a waitress at the local diner giving Todd time to deal with the fact that he's a father and to wait for Todd to open up about his reasons for not wanting Angel in his life. But Todd never reckoned on Angel making her way into his heart with her own special magic and it's not until Heather does something drastic that Todd finds out his life has changed forever and that it would never be the same without Heather and Angel in it. Watching how Heather and Todd reacted to one another was wonderful and seeing Angel blossom under the attention of Todd and those all around her made me smile. If you've read AFTER TEX, you'll be seeing a few familiar faces and you'll feel like you're visiting old friends.0 von 0 Kunden fanden die folgende Rezension hilfreich. Beautiful storyVon Ein KundeActress Heather Reed can no longer deal with her precocious or is it devilish three year old daughter Angelique. The straw that broke Heather's back was the tantrum in the Manhattan store. Desperate for help, especially some quality time away from her beloved brat, Heather decides to visit Angel's biological father, Todd Winston in Wyoming. When Todd left for Wyoming to produce Megan's World, he had no idea he sired a child. Now, he finds his ex-girlfriend in town accompanied by a child who looks like a female Todd. Heather tells him the truth, sending Todd into a deep panic as he looks at the child like she is an unwanted virus. Heather tries to learn why he has such a deep aversion to children. The townsfolk of Whispering Wind play matchmaker, trying to bring the two of them together. As Todd and Heather rekindle their love, she wonders if he will accept Angel as part of a package deal. ANGEL MINE is a humorous contemporary romance. The lead characters are a warm duo and Todd's reaction to his daughter is both sad and amusing. However it is the eccentric townsfolk that make this novel worth reading. Their reaction to the New York invasion (also see AFTER TEX) is priceless. Sherryl Woods known for her romance and mystery novels has written a fabulous romantic romp in returning her readers to wonderful wacky Whispering Wind, Wyoming. Harriet Klausner
