Von Jessica Carlson : Angela's Awakening (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Angela's Awakening (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. good story Von Volker Barth this book was nice to read and had an suprising ending. well done by the author. go on

Kurzbeschreibung Angela Miller had what many women would sell their souls to obtain: a successful husband, a slim but still shapely figure and a pretty face surrounded by beautiful natural blonde hair. Still, after five years of marriage, the 27-year-old woman knew her sex life could easily be labeled as dull and unfulfilling. She would never admit it to her friends, but she avoided lovemaking whenever possible. And when her husband did insist, she rarely even had an orgasm of her own. Angela wondered if perhaps her problems stemmed from a repressive mother and a "good girl" mentality. In frustration, she began to search the Internet to find a tutor who could help her increase her desire and also to awaken her responsiveness. By chance she stumbled upon a mysterious woman who called herself Mistress Melissa. This female sex guru had many other submissive pupils and she understood Angela's hang-ups. More importantly, she claimed to know how to "fix her." The two women began to correspond through email, as Melissa prescribed unique "assignments" just for Angela to fulfill. Each week, as the erotic intensity of each piece of homework increased, the blond found herself awakening to an increase desire for stimulation and intimacy. Her thought life became enthralled by each of these erotic tasks. The tasks consumed her with sensuous details like how to she should dress her figure in provocative apparel to match each situation. As her training progressed, Angela could feel herself opening up and becoming a much more sexual person. Her husband Dirk immediately noticed how turned on she had become and how much their lovemaking had improved. Everything seemed so incredible for her, and she couldn't wait each week to discover what her next assignment would be. Melissa understood how to play to her female fantasies and put her in situations of risk that made her feel so vulnerable but also so desirable and sensuous. As she became more experienced with these her different challenges, she could feel these inner desires to act out slutty behavior in the real world. At that moment, her next assignment arrived, and it took her breath away. Melissa had commanded her to go into one of the best hotels in the city one which catered to out-of-town businessmen and offer herself to a handsome stranger for his anonymous enjoyment. While this affair might have been such a great feminine fantasy, the thought of actually making it into a true reality felt very scary for Angela. She wasn't sure at first if she could do such a thing. Would her innocent "good girl" be able to break free of her hang ups and enjoy such an affair? Encountering a handsome stranger at a high end hotel might just lead to a some serious consequences . . . "I have read a lot of these erotic stories and I must say most of them are pretty amateurish. Sometimes you can't tell which one of the characters is even talking. And they always seem to want to jump right into meaningless sex scenes before they have established any kind of worthwhile storyline or made you care for the main character. "I think that's what made this novella so definitely different. Right from the start, it held my attention and compelled me to keep reading. But the best news is that I found the sexy parts made me horny and wet. My husband really liked how it effected me."--Leonides
