Stunning read.Von Mystery ReaderAfter reading Erra, I downloaded Erra More immediately needing to see where the story of Sarah led.Sarah/Lilith has a lot to learn in her new world. And when she finds out her lover Dustin is cheating on her

she's whisked away by Sven her learning begins. What will be the 'key' to her success? A wonderful story, it's difficult not to say too much without giving the plot away. Sarah meets a stunning array of beautifully drawn characters who are relevant to her past with a 'satisfying' outcome. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Amazing Sequel Von Lily M. "Erra More The Sibitti (Gods Thurs)" by Poppet is the sequel to "Erra". In this book we're introduced to each of the Sibitti, seven in all, and their relationship to Sarah. It's an amazing story. I enjoyed it very much. Well written.

Kurzbeschreibung Sarah's free will is in peril when Erra dictates her movements, citing care for her as his motivation in this angel romance. Annoyed with her boyfriend and ready to break up, she goes along with Erra's designs, for now. Now instead of being stuck with the dark god she's with his blonde doppelganger, given a round trip into the hardcore party life of fallen angels. Suddenly she's every angel's conquest, drunk on bombtinis and romanced off her feet. Hel's angels are a motley crew of muscle and leather, racing their motorbikes in the underworld where there's no traffic, and Sarah discovers her potential when given the carnal keys to heaven. The halo at the end of this noir tunnel is luminescent indeed. Book #2 in the Liaisons series
