**Von Iain Rob Wright : Animal Kingdom: A Horror Survival Novel (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Animal Kingdom: A Horror Survival Novel (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. An

excellent premise well presented. Von Reggie The idea that ALL the animals in the world would suddenly start a war on humanity may sound preposterous, but Iain Rob Wright handles it so cleverly that the reader moves into high gear as of the first page and doesn't look back. The constellation of the characters thrown together work nicely to generate a steady undercurrent of tension throughout the whole story, so our "hero", (a father who has taken his son to the zoo for the day) is not only battling against the forces of nature, but also the petty greeds and aspirations of a couple of the other survivors. As the friction among the group heats up, you'll start to wonder who really are the bad guys, the man eating animals or the ambition hungry people held under siege? I really enjoyed Animal Kingdom and recommend it to anyone.

Kurzbeschreibung For readers tired of zombies comes a new kind of apocalypse. You can't run. You can't hide. They are everywhere. Joe, a recent divorcee, takes his wrestling-mad son Danny to the zoo for his weekend of custody. Everything is going just great until a bizarre snake attack sends everybody running for cover. A horrific attack, and one Joe's poor son is unlikely to ever forget. But the terror has only just begun. A simple snake attack is only the first incident in an unstoppable catastrophe. Something is causing the animals attack... to think... to thirst for blood. Joe will need to overcome his fear quickly if he has any chance of keeping his son alive, because nowhere is safe anymore and help isn't coming. A book that is two parts Jurassic Park and three parts Cujo. "Iain Rob Wright is sick and twisted." - David Moody "Iain Rob Wright scares the hell out of me." - J.A. Konrath Kurzbeschreibung For readers tired of zombies comes a new kind of apocalypse. You can't run. You can't hide. They are everywhere.
