Von Patricia Gaffney : Another Eden (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Another Eden (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A Good ReadVon EleventhourPatrica Gaffney is fast becoming one of my favorite authors and offers quite possibly the most complex characters in Romance today.Another Eden is the story of an unhappily married woman and the architect her husband hires to build their summer home. The hero is immediately charming but not particularly admirable at first.

The heroine is admirable and long suffering to begin with but later shown to have her own flaws. As their friendship and eventual romance develops these very human failings endear them to the reader. Here is no cardboard cut out of a posturing testosterone pumped male and no simpering ninny of a heroine. They are multi-faceted and the obstacles they face are very real. I particularly enjoyed the period of the book which is late 1800's or possibly just after the turn of the century. It's an era not often visited in historical romances and it was quite refreshing and very well done.

Kurzbeschreibung Trapped in a loveless marriage at the turn of the twentieth century, a British noblewoman finds renewed passion with a young architect
