**Von Cassia Leo : Anti-Romance (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anti-Romance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. Potenzial fr 4 Sterne war da...Von Sylvia HonnackerIch liebe die meisten Bcher von Cassia Leo. Was ich aber unmglich finde, ist ein Buch, das mittendrin aufhrt. Ohne Hinweis, dass es sich nur um den TEIL eines Buches handelt. Nicht mal so was wie, Buch 1 einer Serie. Oder gar Teil 1 von 3, 7 oder 54 Teilen. Oder Kapitel 1 - 7 eines 40 Kapitel Buches.Ich bin echt verrgert. Zum Teil, weil das, was es zu lesen gab, richtig spannend war, ganz in Cassia

Leo Manier. In Zukunft werde ich erst die ersten Rezensionen abwarten und dann kaufen, wenn sicher ist, dass ich ein komplettes Buch bekomme. Grummel.

Kurzbeschreibung Laney Hill is screwed. On the bed. On the treadmill. On the hood of a BMW. And on her boss's desk. Then she's screwed again when she steps into the free clinic and finds out she has gonorrhea. That dirty prick gave her gonorrhea! She's totally going to break up with him...until he breaks up with her...because he's married! As part of the moment date with her hot musician neighbor, Kade Masters, goes from smoking hot to red-hot disaster in two seconds flat. Then, one night out drinking with friends leads to a fateful--yet awkwardly-sloppy--kiss between her and her best friend George Bratton. Laney is ready to go into hibernation-mode, when George receives an invitation to his ex-girlfriend's destination wedding in London. Self-destructive George and gonorrhea survivor Laney make a deal to go as each other's dates. It will make great material for Laney's Anti-Romance blog and maybe it will help George finally get over his ex. Pushing aside thoughts of Kade, and his "big engine that could", Laney jumps at the chance to escape to the magical land of the royal family. But her magical vacation soon turns into a royal, steaming pile of lies.
