Honoring women's sexual journeys, a must read! Von Ein Kunde Aphrodite's Daughters is a remarkable collection of stories told in women's own voices and beautifully interwoven with the author's own observations and thoughts. I found myself reading my own sexual story throughout the book - a true validation of my own journey. A compassionately written book, Aphrodite's Daughters is a must read for any woman, or man, who seeks a deeper understanding of our sexual experiences as it unfolds along our sacred paths. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Aphrodite's Daughters Von Jan R. Worrall What a wonderful book! Having been lent it by a friend of a friend this book has come halfway across the world from London to New Zealand that we may read it. So beautiful and stunning that I must have a copy of my own in order to lend to all my friends (both the men and the women!)

Kurzbeschreibung An intimate look at the transformative power of women's sexual experiences. Based on the stories of ordinary American women, Aphrodite's Daughters explores the central role of sexuality in women's spiritual journey. Witty, wise, entertaining, and compassionate, Aphrodite's Daughters quickly became an underground classic, and has changed the lives of thousands of women. From Booklist In the early 1980s, Bonheim traveled to India to study classical dance and, as it happened, to be introduced to an aging devidasa, a woman who had served as a sexual priestess in the Hindu tradition of Tantra. That meeting sparked in Bonheim a previously unacknowledged interest in discovering the role of sexuality in women's spiritual lives. Now a therapist, Bonheim has interviewed dozens of women for this profound and moving exploration of how body touches soul. Here is a nun who found love with another woman and, eventually, turned back to celibacy. Here is a woman who, raped as a teenager, descended into a personal hell from which truly sensuous love saved her. While these and the other stories are gripping as stories, Bonheim's poetic commentary provides the threads of meaning that bind them together into an excellent, unusual, passionate book.
