Von Mark Edward Hall : Apocalypse Island: A Blue Light Thriller (Blue Light Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Apocalypse Island: A Blue Light Thriller (Blue Light Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. What a rollercoaster ride!Von mountainmamaDanny Wolf was imprisoned for a crime he did not commit, but offered early

parole if he agreed to psychological counseling. The nightmares he experienced in prison intensified upon his release, making him question his own sanity. When he becomes the main suspect in a string of ritualistic murders in the area he also begins to doubt his innocence. As he and the authorities try to unravel the mystery, they become embroiled in a huge government conspiracy, where no one is innocent. Twists and turns abound in this supernatural thriller. It will definitely hold your interest and keep you turning pages to find out how the heck it's all going to resolve. Mr. Hall has done an excellent job developing the characters and setting scenes while building the tension. The story is well-crafted and the writing is crisp and very unique. Part thriller, part mystery, part horror, part supernatural, and totally riveting! Fabulous job, Mr. Hall. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Grandioser Thriller Von -Kunde Die Story in diesem Buch ist einfach genial. Alles entwickelt sich langsam, man kann sich richtig gut in die Charaktere einfinden und gemeinsam mit ihnen im Dunkeln tappen, während sich langsam aber sicher alles entwirrt. Eine perfide Idee, ein wahnsinniger Mörder und eine gute Prise Mystery. Ich kann es absolut empfehlen!

Kurzbeschreibung A Maine city has turned into a killing ground. Is it a serial killer, someone with a penchant for the macabre and a need to destroy? Or is it a darker force, an ancient legend from a mysterious Island come ashore to wreak havoc upon the unsuspecting? Amid the backdrop of Portland's burgeoning night scene, Police Lieutenant Rick Jennings discovers that no one is safe, and that evil has many faces. Extended Description: Danny Wolf, a gifted musician with alcohol problems is witnessing brutal murder in his dreams. The killer is carving a cross on each of the young female victims before crucifying them. Newly released from prison for a crime he did not commit, Wolf is having trouble adjusting to civilian life. He believes the dreams are a symptom of his adjustment until he discovers that they are real and that the victims are his own groupies. He soon begins to doubt his sanity. Could he be a homicidal madman? Wolf has no memory of his early childhood but discovers that he spent his first eight years in a Catholic orphanage on a mysterious island off the coast of Maine. Is it possible that his early life and the murders are somehow connected? Soon the killings become more bold and gruesome, as members of the church begin to die. Enter Police Lieutenant Rick Jennings and his young assistant Laura Higgins. They discover a government conspiracy involving the Catholic Church, and a cold war CIA mind control program known as MK-Ultra where children were used as test subjects. Danny Wolf becomes the number one suspect in the murders, and when Laura Higgins begins a romantic relationship with Wolf things begin to heat up as Jennings threatens to take her off the case. No one, not even Wolf, is prepared for what they discover on Apocalypse Island, a mind blowing secret that was supposed to stay hidden forever. Apocalypse Island is a fast-paced thriller that will keep you guessing until the shocking conclusion. A cross between James Patterson and Stephen King.
