**Von Daryl Gregory : Harrison Squared** before purchasing it in order to gage whether or not it would be worth my time, and all praised Harrison Squared:

Kurzbeschreibung Harrison is a lonely teenager, afraid of water ever since a boating accident as a toddler. And he and his mother have just moved to the worst possible place: Dunnsmouth, a Lovecraftian town on the Atlantic coast. When his mother disappears, Harrison tries to solve the mystery, putting him in conflict with a strange church, a killer, and the Deep Ones... It will take all his resources and an unusual host of allies to defeat the danger and find his mother.

Pressestimmen "A thoroughly entertaining novel." "Publishers Weekly" "The combination of coming-of-age story, Lovecraftian horror, and mystery is at turns gently funny and intensely scary, a tough balance that Gregory (Afterparty) pulls off successfully." "Library Journal" "A tale handled with confidence and control, with loads of salty, piscine atmosphere... Superior, with plenty of crossover teen appeal."
