Von Gerald Seymour : Harry's Game (Ultimate Collection) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Harry's Game (Ultimate Collection) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Could have been better!Von Ein KundeThis is the second book I read of Seymour. To be honest I find his style a bit too repetitive and monotonous. The plot is good but has some gaping holes in it. It is hard to accept that a Mafia family would accept a foreigner in their midst without checking her out thoroughly. On the other habd the atmosphere of

Palermo and the whole "Cosa Nostra" issue is very accurately depicted. It is an enjoyable and informative book, I recommend it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book enthralling Von Kindle-Kunde great book must read enthralling good plot keeps you reading and not wanting to put it down. I can recommend it whole heartedly 0 von 0 Kunden fanden die folgende Rezension hilfreich. Len Dee Von Len Dee I first saw this on BBC television in the seventies and enjoyed the plot. Reading the book now filled in the gaps.

Kurzbeschreibung A British cabinet minister is gunned down on a London street by an IRA assassin. In the wake of national outcry, the authorities must find the hitman. But the trail is long cold, the killer gone to ground in Belfast, and they must resort to more unorthodox methods to unearth him. Ill prepared and poorly briefed, undercover agent Harry Brown is sent into the heart of enemy territory to infiltrate the terrorists. But when it is a race against the clock, mistakes are made and corners cut. For Harry Brown, alone in a city of strangers, where an intruder is the subject of immediate gossip and rumour, one false move is enough to leave him fatally isolated... Pressestimmen Absorbing from beginning to end... the sort of book that makes you lose track of time (New York Times) The most enduringly praised Troubles thriller. (Guardian) Evokes the atmosphere and smell of the back streets of Belfast as nothing else I have ever read (Frederick Forsyth, Sunday Express) A tough thriller, vibrant with suspense (Evening Standard) Devastatingly good... you can smell the mean streets where the terrorists hide (Spectator) First rate... Edge-of-the-seat reading (Washington Post) So effective is the use of detail that the atmosphere is totally authentic and the reader feels like they are walking the streets of the city itself . . . The pace never slackens for a moment . . . Plot, characters, historical background - Seymour manages them all perfectly in what has come to be regarded as the thriller par excellence. (Crime) Werbetext The 40th anniversary edition of Gerald Seymour's genre-changing HARRY'S GAME.
