Review: Have a Little Faith is a story about two southern boys raised in Christian homes. Rockys father was actually a preacher that preached against the gays and led many rallies. He is raised mostly by his grandmother while his father is on the road in his mission to stop gayness. He has very strict rules for Rocky such as no TV, Music, or anything but church. He is also homeschooled until high school. When he meets his friend Corey he finds his true self and in college forms a rock band. Dexs mother makes them all go to church and his Georgia family, teachers, and coworkers try to get him to play football. He wants to be a country music star someday so he protects his hands. His family is very dysfunctional and it is drummed into him that even if youre born gay you can refute it and be straight. Dexs dream comes true and he becomes famous and snapped up by a big music label, finding they too have a script for his life, and a woman to marry. Then one day at a music fest they find themselves fighting over a stage doing a music duel that could change each others life. Oh. My. Gosh! I loved this book. I loved both Dex and Rocky. I loved how they were two very different young men and fit so well together. The story starts out at a concert in present then it goes back first to Rockys childhood then into Dexs childhood. We get a good look at how their lives were formed into the men we see on the stage. The story does switch back and forth quite a bit from present day to the past and from each character. I do wish that the time changes and the character changes had been marked, but having said that once you read a line or so it was relatively easy to figure out whose story it was and the timeframe. I applaud Brad for taking the chance and dealing with such controversial topics of religion and homophobic attitudes. Great Job! If you like rock stars, country music, angst, hot man-sex and happy endings this is definitely for you! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Liked it^^ Von CustomerStory was really well done, I enjoyed the backflashes a lot^^ It is very well written and i finished it in one go ;) You really sympathize with those two. I look forward to read more from the author.
