**Von Adrienne Wilder : He Speaks Dead (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised He Speaks Dead (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 4,5 starsVon SunneI started reading the sample a few weeks ago but somehow it didn't work with me that day so I stopped and read something else. Now yesterday I decided to check the sample again and either buy or delete...wups, sucked in after I had been over that point right in the beginning where I had jumped off the last time.I got sucked in. Wow, I

mean, this book could have gone wrong in soooo many ways, building of the whole ghost thing, too many explanations or making one of the three MCs too much to like or dislike. Nope, the balance with all that was really good. We got information about the whole ghost levels, abilities etc. on the run, never too much but enough to get the story. And the "love triangle" was perfectly balanced, it was always clear who the couple was and despite that the attraction between Briggs and Charlie was portrayed in a way that you had to understand and feel it without resenting anyone. The author made me like Briggs enough to accept it but not too much to be seriously unhappy about the end. Ethan was a strong and enjoyable character. And I seriously laughed tears during their lovemaking with Briggs....yup. As said before, I had a bit of a time to get into it and the big showdown was kind of...too obvious, but I enjoyed this book without getting the feeling "been there, read that". So it's going to be 4,5 stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Love, crimes and a ghost Von Querleser Charlie - the ghostwhisperer - is in love. With Ethan whom he has only known as a ghost. And being in love with a ghost isn't easy if you can't touch ...The author managed to teach us the "paranormal rules" of her story without interrupting the flow or losing herself in long explanations. The characters (alive and dead) are convincing, their love believable. The end is not surprising, but the natural development of the story line. All in all more than I expected (honestly I think there are more bad ghost stories than good ones). A lovely story with funny characters. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Keine Von H. Pospisil I loved this story so much! Deep feelings mixed with ghost story, crime and danger. I was touched and could not stop reading.

Kurzbeschreibung\*This book was previously published with a different cover. Charlie Harrington not only sees the dead and speaks with them, he can make them real. Lucky for him, because the love of his life, Ethan, isn't among the living. While their relationship is unusual, things are good between them until Charlie is accused of murder and Detective Daniel Briggs walks into his life. Then, for the first time in years, Charlie is attracted to someone alive. Ethan knows he should step aside and let Charlie live his life, but he just can't give Charlie up--even if staying with Charlie may eventually kill him.
